CRANE DECLINES

DOES NOT WANT TO GO INTO THE ROOSEVELT CABINET.

ANNOUNCEMENT IS OFFICIAL

MASSACHUSETTS MAN REFUSES TREASURY PORTFOLIO.

BUSINESS REASONS URGED

ST. LOUIS APPOINTEE ALSO DECLINES JOB.

Washington, Dec. 23.—Governor Crane, of Massachusetts, has declined the treasury portfolio tendered to him by President Roosevelt last Friday. It was officially announced at the white house today that he had declined for business and domestic reasons.

The announcement of Governor Crane's declination followed a conference between the president and Senator Lodge after the latter had talked with Governor Crane over the long-distance telephone. The only name suggested at the white house today after it was known that Governor Crane would not accept was that of Col. Myron T. Herrick, of Cleveland. Colonel Herrick is at the head of one of the largest savings institutions in the country and has had a wide experience in financial affairs. He was a warm personal friend of the late President McKinley and it is understood was promised a foreign mission.

Charles F. Wenneker, who was nominated for the position of collector of internal revenue for the St. Louis district just before the holiday recess of congress, but whose nomination was not confirmed, has telegraphed the president to withdraw his name. Wenneker was not an avowed candidate for the position, but was selected by the president as a compromise between the opposing factions in Missouri.

CRANE'S STATEMENT.

Boston, Mass., Dec. 23.—Governor Crane gave out the following statement this afternoon:

"I have felt obliged to decline the appointment of secretary of the treasury, tendered me by the president, on account of illness in my family and inability to arrange my business affairs at such short notice."

That is all the governor would say. It is understood that his reference to illness in his family is based upon the fact that his mother is an invalid and on that account he does not care to leave his Dalton home.

IT HUMILIATES GERMANY.

New York, Dec. 23.—The fact that the Uganda railway has reached the Victoria Nyanza, says the Berlin correspondent of the London Times and New York Times, provides the National Zeitung with food for melancholy reflections. It says Great Britain must again be congratulated on the completion of a colossal undertaking, of which the political and commercial significance can hardly be overestimated. This spectacle of British enterprise and success, declares the National Zeitung, can not but arouse a feeling of humiliation on the part of Germans when considering the situation in their own east African possessions. The construction of the "German East African Central railway," proposed years ago, is a matter of vital importance to the future prospects of the German possessions. It will be well, the paper says, if Germany realizes the precious time lost through "the pettiness of shortsighted colonial politicians."

FORT WAYNE PETITIONS.

Congressman Robinson has introduced the petition of the Federal Labor union No. 6620, of Fort Wayne, favoring the re-enactment of the Chinese exclusion act; the petition of Painters' and Decorators' union No. 39, favoring the construction of war vessels in the United States navy yards, and the petition of the laundrymen of Fort Wayne favoring the re-enactment of the Chinese exclusion act. All were referred to the proper committees.

RUSSIAN OUTRAGES.

New York, Dec. 23.—The St. Petersburg correspondent of the London Times and New York Times says all accounts agree in representing the state of Manchuria as being very unsettled. The presence of the Russian troops has led to most serious abuses. Private letters describe shocking outrages perpetrated by bands of Cossacks on the defenseless inhabitants. A typical case is that of six Mongols, Russian subjects, who were sent in pursuit of horse thieves. They were attacked by Cossacks, and, because they were unable to produce passports, five of them were tortured and then beheaded, in spite of their prayers and entreaties.

QUEEN ALEXANDRA VERY ILL.

London, Dec. 23.—The Associated Press hears that the condition of Queen Alexandra is more serious than has been given out and that it causes some anxiety. Doctors are in constant attendance upon her majesty. A bulletin issued at noon today says the queen is progressing favorably, but that the extensive arrangements made for Christmas festivities at Sandringham, including large shooting parties, have all been upset and that their majesties will spend Christmas at Marlborough house.

NOT A POUND OF COAL IN LIMA

OHIO CITY IN THROES OF A FUEL FAMINE.

Wood is Ten Dollars a Cord and No Sign of Immediate Relief is in Sight.

Lima, Ohio, Dec. 23.—There has not been a pound of soft or hard coal in this city since last Wednesday. The fuel famine is unprecedented and there is no sign of relief. Wood has gone as high as ten dollars a cord and hundreds of people walk miles into the country to meet wagons coming into the city and make purchases before others can get to them.

Railroads report thousands of carloads of coal between this city and Cincinanti waiting to be moved.

WANTS A DIPLOMAT SENT.

London, Dec. 23.—The Pall Mall Gazette publishes the following dispatch from Rome today: "The vatican is becoming decidedly more hopeful that the United States will yield to the people's great desire and appoint a diplomatic representative to the vatican. So anxious is the pope for the success of his project that he would be satisfied at present with a semi-official representative, in the hope that he would be eventually turned into a minister or ambassador. It seems that Washington is not unwilling to discuss the matter, and the vatican has intimated, in return, its desire to meet American wishes in Cuba and the Philippines, and possibly create another cardinal in the United States. The pope is somewhat opposed to the latter step while Cardinal Gibbons lives, but he may compromise the matter by creating Archbishop Ireland or Archbishop Corrigan cardinal of the curia, entailing living in Rome."

SENATOR DEPEW RADIANT.

New York, Dec. 23.—Senator Chauncey M. Depew, in radiant spirits and robust health and bronzed by his sea voyage, passed in Paris quietly and congenially with a few friends this, his last, Sunday of single life, cabled the Paris correspondent of the Tribune. He seems deeply impressed with the cordial and widespread interest taken in his forthcoming marriage. Much to his astonishment his secretary brought him a collection of clippings from the American newspapers relating to the impending event, which so far exceed four thousand in number. Senator Depew starts this evening for Nice, where his wedding with Miss May Palmer will be celebrated on Saturday at the Rev. Mr. Adamson's American Episcopal church. Senator Depew and his bride will return to New York on the St. Louis, sailing from Cherbourg on January 4.

Constantinople, Sunday, Dec. 22.—Replying to the protest of the United States charge d'affaires here, Spencer Eddy, against the notification issued by the authorities of Beyrout, Syria, to the effect that naturalized American citizens must renounce their naturalization within fifteen days under penalty of being expelled from Turkey, the Turkish foreign minister, Tewfik Pasha, denied all knowledge of the matter, but promised to inquire into it and give Mr. Eddy a definite reply on Monday.

BOERS ARE ACTIVE

KITCHENER REPORTS MUCH HARD FIGHTING.

SHARP ENGAGEMENT FOUGHT

BRITISH ATTACKED IN FORCE AT BEGINDERYN.

BRITISH LOSSES SEVERE

BOERS LOSE HEAVILY IN AN ENGAGEMENT.

London, Dec. 23.—Lord Kitchener, in a dispatch from Johannesburg, dated Saturday, Dec. 21, sends reports of sharp fighting in the Orange River and Transvaal colonies. Two hundred mounted infantry, in the neighborhood of Beginderyn, were divided into parties and were searching farms when they were attacked by 300 Boers and forty armed natives under Commandant Britz. The Boers charged determinedly in overwhelming numbers. Beyond the fact that the British casualties were severe, no details have been received.

Lord Kitchener also reports that during General De Wet's attack on the British force commanded by Generals Dartnell and Campbell, at Langberg, Dec. 18, the Boers charged bravely and fought desperately for several hours. De Wet was driven off with the loss of twenty men. There were twelve casualties on the side of the British.

On December 20, M. Botha, with 800 Boers, surprised Colonel Damant's advance guard at Tafel-Kop, Orange River colony. The Boers rushed a kopje commanding the main body and the guns, but Damant rallied his men and drove the Boers from the kopje. The British casualties were heavy. Damant was dangerously wounded, two officers and twenty men were killed and three officers and seventeen men were wounded. The Boers left six dead on the field and dispersed. The British pursued the enemy and captured a number of prisoners, including Commandant Keyter.

Later the Boers, under a flag of truce, asked permission to remove their dead. They admitted having buried twenty-seven men.

DEATH DUE TO AN OVERDOSE.

Coroner Barnett's finding in the case of Henry McIntosh, who died at a liquor-cure institute at Warsaw in September last is to the effect that the man's death was due to "an overdose of hydrobromate of hyoscin while at the institution of Drs. White at Warsaw, Ind., for treatment, on the evening of September 23, 1901." The examination of the eight witnesses in the case has just been completed. McIntosh was a well known farmer residing in the eastern part of the county, and in September he was persuaded to go to the Warsaw institution for treatment for the liquor habit. His death occurred the following morning and the relatives were not notified of the death until after the body had been embalmed. When the remains reached New Haven a post mortem examination was held. Dr. A. H. Macbeth, who conducted the examination under the direction of the coroner, gave it as his opinion that the immediate cause of death was a poisonous dose of hyoscymus hydrobromate or one of its mydratic series. Alexander McIntosh, a brother of the dead man, has been in the city consulting attorneys in the matter, but has not yet made known the action to be taken. Mr. McIntosh's mother, who is past eighty years of age, has been prostrated since her son's death.

TO SETTLE IT UP.

Chairman Beers, of the auditorium committee, has called a meeting of that organization to be held next Monday evening—one week from this evening—for the purpose of closing up the affairs of the committee. The attendance of all solicitors, as well as every member of the auditorium committee, is greatly desired at this meeting.

ASKS A NEW TRIAL.

Chicago, Dec. 23.—Alexander Sullivan, convicted of conspiracy to keep from the jurisdiction of the Cook county courts ex-Bailiff James J. Lynch, a confessed jury-briber, appeared in Judge Smith's court today with his attorneys and filed a new bond for $20,000. The motion for a new trial made Saturday was formally renewed today and the case was carried over indefinitely. It is expected the court will hear the argument for a new trial immediately after the holidays. Mr. Sullivan's attorneys have announced their intention of carrying the case to the appellate court if their motion is denied. The jury assessed a fine of $2,000 against Sullivan.

CHILDREN SEE DISPLAY.

A large delegation of young girls from the school for feeble minded were brought to the city this morning in charge of the lady attendants and given an opportunity to see the Christmas windows. They marched along Calhoun and adjacent streets, drinking in the glories of the Christmas decorations with the fullest measure of enjoyment.

LOSS NEARLY A MILLION

BIG PAPER FACTORY BURNS AT HAMILTON, OHIO.

Largest Establishment in the Country for the Manufacture of Enameled Paper.

Hamilton, Ohio, Dec. 23.—The fire in the Champion Coated Paper company's plant, which started late last night was not under control until early today. The loss is placed at from $750,000 to a million dollars. It was the largest plant of the kind in the United States and employed over 400 persons. A stock of $250,000 worth of enameled book and magazine paper was wholly destroyed. There was also a loss of a great quantity of valuable machinery. The fire was caused by the explosion of a can of gasoline in the hands of John Kopp, who was using it for cleaning some portion of the machinery. Kopp was severely burned. The company had just completed a $750,000 pressed brick building, which the fire department succeeded in saving.

CHRISTMAS SHOPPING HEAVY

GREAT THRONGS OF BUYERS IN ALL STORES.

Holiday Offerings of Unusual Magnificence—Crowds Begin Final Holiday Rush.

The holiday business is undoubtedly making a new record in Fort Wayne this year. For several days, despite the severe cold of last week, the down town streets have been filled with a hurrying, bustling, happy throng of purchasers, eager to see the holiday offerings and intent upon purchases with which to remember friends at the Christmas season.

Saturday evening the crowd was a phenomenal one. The big stores were densely packed and many of them were compelled to close their doors at intervals in order to successfully handle the crowds. And while this was the case at the larger places, the smaller establishments were also enjoying their share of holiday business. This morning the rush started early and the final rush before the Christmas holiday is on in earnest. The express offices are piled high with outgoing shipments, which are moved as rapidly as possible, and are replaced by incoming packages to almost as great a degree. The postoffice force has been working at a tremendous pace for several days, but this morning the real rush started there.

It is believed the holiday business in Fort Wayne will be greater than ever before. It is certain that the offerings of the stores were never so tempting nor upon so magnificent a scale as at present. Many of the windows are elaborate creations that hold continuous crowds feasting their eyes upon their beauties.

THE DEAD NUMBER FIVE.

Pittsburg, Pa., Dec. 23.—Five of the victims of the Singer-Nimick mill explosion, which occurred last Saturday morning, are dead. The fifth victim is William Sharp, helper, aged thirty-five years, of Elliottsborough, who was scalded about the face, head and body, died early this morning at Mercy hospital. Another, Mr. Johnston, is not expected to live through the day.

A letter from Bishop Alerding was read in all the Catholic churches of the diocese yesterday, asking that a special collection be taken on Christmas day for the benefit of the orphans' home at Lafayette and St. Vincent's home, this city.

ANXIOUS FOR WAR

ARGENTINIANS FEEL GLOW OF MARTIAL SPIRIT.

PROSPECT OF WAR GROWING

PATRIOTIC DEMONSTRATIONS IN BUENOS AYRES.

TIME FOR ARBITRATION PAST

ARGENTINE MINISTER CALLED FROM CHILE.

Buenos Ayres, Dec. 23.—(Via Galveston, Texas.)—The patriotic demonstrations growing out of the possibility of war with Chili were renewed here today.

The Chilian minister here, Senor Concha Subercaseaux, has not received any instructions in regard to the course he is to pursue, now that the Argentine minister has been recalled from Santiago.

An editorial article in the Pais says the interruption in the relations between the two countries must necessarily be of short duration, as they are mobilizing their reserves and could not afford to support them under arms were a long period to elapse before diplomatic relations are resumed. Therefore this state of affairs cannot be prolonged, as, otherwise, both countries would be uselessly ruined, in which case the arbitration of a friendly nation would be unable to remedy the evil done and would only be able to find a palliative for it. It was possible some time ago to submit the whole matter to arbitration, but such a course is now impossible. The decision of the arbitrator could not be given before two more years have elapsed and the countries could not remain all that time on a war footing. Therefore, a radical solution of the question is necessary.

Continuing, the Pais advises the Argentine government to invite Chili to accept a direct and immediate arrangement or e prepared for war.

The British minister here, Sir W. A. C. Barrington, had a long conference last evening with President Roca.

The Argentine fleet, divided into four divisions, will take part in the extensive manoeuvres next month. The two principal divisions are ready to put to sea at the first signal.

Col. Pablo Riccheri, the minister of warf, has informed President Roca that he has available 60 locomotives and 4,000 cars, and that on forty-eight hours' notice he can transport 80,000 men to the frontier.

It is estimated that the maintenance of the army which will be mobilized by February 5 will involve an annual expenditure of 65,000,000 piastres.

About 8,000 men have already signed the rolls of the Uruguayan volunteer legion.

A dispatch from Santiago says President Riesco has declared that the recall of the Argentine minister, Mr. Alcorta, from that capital, cannot have any serious consequences, adding that the minister, in returning to Argentina, is taking advantage of a leave of absence which has been granted him by his government.

President Riesco continues confident that the negotiations in progress will shortly result in a peacable solution of the problem now engrossing the attention of the statesmen of Argentina and Chili.

REPORT IS CONFIRMED.

Washington, Dec. 23.—Secretary Hay has received a cablegram from United States Minister Wilson, at Santiago de Chile, confirming the report that the resources of diplomacy had been exhausted in the effort to settle the dispute between Chile and Argentina and that diplomatic relations had been broken off through the withdrawal from Chile of the Argentine minister. Touching the proposition emanating from the Argentine side to refer the dispute to Great Britain as an arbitrator, the Chilian representatives claim that this was their own original proposition. This being the case, it is believed there is a way open for a peaceful adjustment of the trouble.

RUPTURE BUT TEMPORARY.

New York, Dec. 23.—According to the Valparaiso, Chile, correspondent of the Herald, the opinion prevails there that even though negotiations may be stopped at present, the rupture between Chile and Argentina will be only for a short time and will pave the way for a rapid settlement of the boundary controversy.

A large crowd made a friendly demonstration in front of the United States, Mexican, Ecuadorian and Brazilian consulates at Valparaiso Saturday.

MADE A GOOD IMPRESSION.

New York, Dec. 23.—The recall of the Argentine minister to Chile, Senor Portela, has made a good impression in Argentina, says the Buenos Ayres correspondent of the Herald. The correspondent also says that the Argentina government will prepare an explanatory note, embodying the points of the dispute, and will send it to King Edward of Great Britain, the arbitrator of the boundary question.

Washington, Dec. 23.—Spencer Eddy, United States charge at Constantinople, has adopted a new and ingenious plan for securing the release of Miss Stone. Naturally the officials do not care to make public any details of this project lest publicity cause its failure. Mr. Dickinson, our consul general at Constantinople, who has been working hard in Miss Stone's behalf, has again complained bitterly to the state department of the evil effect upon his enterprise of the free newspaper publications in this case.

WAIT FOR MACLAY

NOTHING HAS BEEN HEARD FROM THE HISTORIAN.

HAS GRACE OF THREE DAYS IN WHICH TO SHOW CAUSE WHY HE SHOULD NOT BE FIRED.

IT IS CERTAIN HE MUST GO

ADMIRALS BROWN AND BELKNAP TO BE OVERLOOKED.

Washington, Dec. 23.—Nothing has been heard at the navy department from Historian Maclay in response to the department's request for his resignation. Under the rules an employe is allowed three days' grace in which to show cause why he should not be dismissed, and, although this rule, having been made by the executive authority, may be disregarded at its pleasure, it is believed that Maclay will be given a reasonable time to quit the naval service, for it is certain that he must go.

In line with the determination already reached to stop the further discussion of the Schley case, so far as the executive branch of the government is concerned, the navy department has decided that it will ignore the reported recent utterances of Rear Admirals Brown and Belknap somewhat in the lines of General Miles' interview.

The members of the society and their wives will be the guests. Dr. J. B. Murphy is expected to arrive in the city some time today, and he will address the society if he comes.

BOLD HOLD UP JOB.

Chicago, Dec. 23.—Robbers forced an entrance into the building of the Chicago House Wrecking company, 35th and Iron streets, early today, overpowered, tied and gagged the two night watchmen, and after blowing open the company's safe, escaped with its contents. Later one of the watchmen, still bound, crawled into the office of the building and pulled a fire alarm box. When members of the fire department arrived the men were released and the matter was reported to the police. According to the story of the watchmen, Louis Black and Peter Brennan, there were six men in the attacking party. The watchmen say they were overcome only after a hard fight and after their revolvers had been taken from them. Black reported to the police that the robbers had taken $20 from him and $3 from Brennan. It is not known yet how much was taken from the safe.

White at Warsaw, Ind., for treatment, on the evening of September 23, 1901." The examination of the eight witnesses in the case has just been completed. McIntosh was a well known farmer residing in the eastern part of the county, and in September he was persuaded to go to the Waraw institution for treatment for the liquor habit. His death occurred the following morning and the relatives were not notified of the death until after the body had been embalmed. When the remains reached New Haven a post mortem examination was held. Dr. A. H. Macbeth, who conducted the examination under the direction of the coroner, gave it as his opinion that the immediate cause of death was a poisonous dose of hyoscymus hydrobromate or one of its mydratic series. Alexander McIntosh, a brother of the dead man, has been in the city consulting attorneys in the matter, but has not yet made known the action to be taken. Mr. McIntosh's mother, who is past eighty years of age, has been prostrated since her son's death.

ASKS A NEW TRIAL.

Chicago, Dec. 23.—Alexander Sullivan, convicted of conspiracy to keep from the jurisdiction of the Cook county courts ex-Bailiff James J. Lynch, a confessed jury-briber, appeared in Judge Smith's court today with his attorneys and filed a new bond for $10,000. The motion for a new trial made Saturday was formally renewed today and the case was carried over indefinitely. It is expected the court will hear the argument for a new trial immediately after the holidays. Mr. Sullivan's attorneys have announced their intention of carrying the case to the appellate court if their motion is denied. The jury assessed a fine of $2,000 against Sullivan.

LOSS NEARLY A MILLION

BIG PAPER FACTORY BURNS AT HAMILTON, OHIO.

Largest Establishment in the Country for the Manufacture of Enameled Paper.

Hamilton, Ohio, Dec. 23.—The fire in the Champion Coated Paper company's plant, which started late last night was not under control until early today. The loss is placed at from $750,000 to a million dollars. It was the largest plant of the kind in the United States and employed over 400 persons. A stock of $250,000 worth of enameled book and magazine paper was wholly destroyed. There was also a loss of a great quantity of valuable machinery. The fire was caused by the explosion of a can of gasoline in the hands of John Kopp, who was using it for cleaning some portion of the machinery. Kopp was severely burned. The company had just completed a $750,000 pressed brick building, which the fire department succeeded in saving.

CHRISTMAS SHOPPING HEAVY

GREAT THRONGS OF BUYERS IN ALL STORES.

Holiday Offerings of Unusual Magnificence—Crowds Begin Final Holiday Rush.

The holiday business is undoubtedly making a new record in Fort Wayne this year. For several days, despite the severe cold of last week, the down town streets have been filled with a hurrying, bustling, happy throng of purchasers, eager to see the holiday offerings and intent upon purchases with which to remember friends at the Christmas season.

Saturday evening the crowd was a phenomenal one. The big stores were densely packed and many of them were compelled to close their doors at intervals in order to successfully handle the crowds. And while this was the case at the larger places, the smaller establishments were also enjoying their share of holiday business. This morning the rush started early and the final rush before the Christmas holiday is on in earnest. The express offices are piled high with outgoing shipments, which are moved as rapidly as possible, and are replaced by incoming packages to almost as great a degree. The postoffice force has been working at a tremendous pace for several days, but this morning the real rush started there.

It is believed the holiday business in Fort Wayne will be greater than ever before. It is certain that the offerings of the stores were never so tempting nor upon so magnificent a scale as at present. Many of the windows are elaborate creations that hold continuous crowds feasting their eyes upon their beauties.

THE DEAD NUMBER FIVE.

Pittsburg, Pa., Dec. 23.—Five of the victims of the Singer-Nimick mill explosion, which occurred last Saturday morning, are dead. The fifth victim is William Sharp, helper, aged thirty-five years, of Elliottsborough, who was scalded about the face, head and body, died early this morning at Mercy hospital. Another, Mr. Johnston, is not expected to live through the day.

A letter from Bishop Alerding was read in all the Catholic churches of the diocese yesterday, asking that a special collection be taken on Christmas day for the benefit of the orphans' home at Lafayette and St. Vincent's home, this city.

ANXIOUS FOR WAR

ARGENTINIANS FEEL GLOW OF MARTIAL SPIRIT.

PROSPECT OF WAR GROWING

PATRIOTIC DEMONSTRATIONS IN BUENOS AYRES.

TIME FOR ARBITRATION PAST

ARGENTINE MINISTER CALLED FROM CHILE.

Buenos Ayres, Dec. 23.—(Via Galveston, Texas.)—The patriotic demonstrations growing out of the possibility of war with Chili were renewed here today.

The Chilian minister here, Senor Concha Subercaseaux, has not received any instructions in regard to the course he is to pursue, now that the Argentine minister has been recalled from Santiago.

An editorial article in the Pais says the interruption in the relations between the two countries must necessarily be of short duration, as they are mobilizing their reserves and could not afford to support them under arms were a long period to elapse before diplomatic relations are resumed. Therefore this state of affairs cannot be prolonged, as, otherwise, both countries would be uselessly ruined, in which case the arbitration of a friendly nation would be unable to remedy the evil done and would only be able to find a palliative for it. It was possible some time ago to submit the whole matter to arbitration, but such a course is now impossible. The decision of the arbitrator could not be given before two more years have elapsed and the countries could not remain all that time on a war footing. Therefore, a radical solution of the question is necessary.

Continuing, the Pais advises the Argentine government to invite Chili to accept a direct and immediate arrangement or e prepared for war.

The British minister here, Sir W. A. C. Barrington, had a long conference last evening with President Roca.

The Argentine fleet, divided into four divisions, will take part in the extensive manoeuvres next month. The two principal divisions are ready to put to sea at the first signal.

Col. Pablo Riccheri, the minister of warf, has informed President Roca that he has available 60 locomotives and 4,000 cars, and that on forty-eight hours' notice he can transport 80,000 men to the frontier.

It is estimated that the maintenance of the army which will be mobilized by February 5 will involve an annual expenditure of 65,000,000 piastres.

About 8,000 men have already signed the rolls of the Uruguayan volunteer legion.

A dispatch from Santiago says President Riesco has declared that the recall of the Argentine minister, Mr. Alcorta, from that captial, cannot have any serious consequences, adding that the minister, in returning to Argentina, is taking advantage of a leave of absence which has been granted him by his government.

President Riesco continues confident that the negotiations in progress will shortly result in a peacable solution of the problem now engrossing the attention of the statesmen of Argentina and Chili.

REPORT IS CONFIRMED.

Washington, Dec. 23.—Secretary Hay has received a cablegram from United States Minister Wilson, at Santiago de Chile, confirming the report that the resources of diplomacy had been exhausted in the effort to settle the dispute between Chile and Argentina and that diplomatic relations had been broken off through the withdrawal from Chile of the Argentine minister. Touching the proposition emanating from the Argentine side to refer the dispute to Great Britain as an arbitrator, the Chilian representatives claim that this was their own original proposition. This being the case, it is believed there is a way open for a peaceful adjustment of the trouble.

RUPTURE BUT TEMPORARY.

New York, Dec. 23.—According to the Valparaiso, Chile, correspondent of the Herald, the opinion prevails there that even though negotiations may be stopped at present, the rupture between Chile and Argentina will be only for a short time and will pave the way for a rapid settlement of the boundary controversy.

A large crowd made a friendly demonstration in front of the United States, Mexican, Ecuadorian and Brazilian consulates at Valparaiso Saturday.

MADE A GOOD IMPRESSION.

New York, Dec. 23.—The recall of the Argentine minister to Chile, Senor Portela, has made a good impression in Argentina, says the Buenos Ayres correspondent of the Herald. The correspondent also says that the Argentina government will prepare an explanatory note, embodying the points of the dispute, and will send it to King Edward of Great Britain, the arbitrator of the boundary qustion.

She was the mother of Red Snake and John Sherman, two of the best known bucks in the Black river country, and the oldest members of the Winnebago tribe.

TO SECURE THE RELEASE OF MISS STONE.

Details Withheld From the Public—He Complains of the Harm of Too Much Publicity.

Washington, Dec. 23.—Spencer Eddy, United States charge at Constantinople, has adopted a new and ingenious plan for securing the release of Miss Stone. Naturally the officials do not care to make public any details of this project lest publicity cause its failure. Mr. Dickinson, our consul general at Constantinople, who has been working hard in Miss Stone's behalf, has again complained bitterly to the state department of the evil effect upon his enterprise of the free newspaper publications in this case.

WAIT FOR MACLAY

NOTHING HAS BEEN HEARD FROM THE HISTORIAN.

HAS GRACE OF THREE DAYS

IN WHICH TO SHOW CAUSE WHY HE SHOULD NOT BE FIRED.

IT IS CERTAIN HE MUST GO

ADMIRALS BROWN AND BELKNAP TO BE OVERLOOKED.

Washington, Dec. 23.—Nothing has been heard at the navy department from Historian Maclay in response to the department's request for his resignation. Under the rules an employe is allowed three days' grace in which to show cause why he should not be dismissed, and, although this rule, having been made by the executive authority, may be disregarded at its pleasure, it is believed that Maclay will be given a reasonable time to quit the naval service, for it is certain that he must go.

In line with the determination already reached to stop the further discussion of the Schley case, so far as the executive branch of the government is concerned, the navy department has decided that it will ignore the reported recent utterances of Rear Admirals Brown and Belknap somewhat in the lines of General Miles' interview.

The members of the society and their wives will be the guests. Dr. J. B. Murphy is expected to arrive in the city some time today, and he will address the society if he comes.

BOLD HOLD UP JOB.

Chicago, Dec. 23.—Robbers forced an entrance into the building of the Chicago House Wrecking company, 35th and Iron streets, early today, overpowered, tied and gagged the two night watchmen, and after blowing open the company's safe, escaped with its contents. Later one of the watchmen, still bound, crawled into the office of the building and pulled a fire alarm box. When members of the fire department arrived the men were released and the matter was reported to the police. According to the story of the watchmen, Louis Black and Peter Brennan, there were six men in the attacking party. The watchmen say they were overcome only after a hard fight and after their revolvers had been taken from them. Black reported to the police that the robbers had taken $30 from him and $3 from Brennan. It is not known yet how much was taken from the safe.

OTTO HERBST DIES

BRIEF ILLNESS TERMINATED FATALLY SUNDAY.

JOHN SAUERTEIG IS NO MORE

AGED MAN STRICKEN ON HIS WAY TO CHURCH.

HAAS DIES FROM INJURIES

OTHER DEATHS AND FUNERAL NOTICES TADOY.

Otto P. Herbst, formerly deputy postmaster, for several years a bookkeeper at the Hamilton National bank, and later a member of the real estate and insurance firm of Scherer & Herbst, died at his home, 443 East Lewis street, Sunday morning at 11 o'clock. Mr. Herbst was very widely known in Fort Wayne, and his friends are legion.

His illness was a brief one, and death was due to a complication of diseases. He had long devoted himself assiduously to business affairs, and was taken ill little more than a week ago. His condition, not at first regarded as serious, assumed an alarming phase when typhoid pneumonia developed, and this was aggravated by stomach trouble. The efforts of skilled physicians were fruitless, and he gradually declined until death ensued on Sunday.

Mr. Herbst was 44 years of age. He was born at Indianapolis, but came to Fort Wayne with his parents when but a small boy. Here he was educated, completing the course with honor at Concordia college, and at once engaged in business. September 1, 1885, he was appointed stamp clerk at the Fort Wayne post office, and later was made deputy postmaster under the administration of William Kaough. With the change in administration Mr. Herbst went to the Hamilton National bank as bookkeeper, a position which he retained until last July, when he resigned to form a partnership with ex-Mayor H. P. Scherer in the real estate and insurance business.

He was actively interested in public affairs, was a member of the county council, and his name had been mentioned in connection with the democratic nomination for county clerk. Mr. Herbst was prominent in building and loan affairs, and he held the position of secretary of the Teutonia association. He was also identified with a number of the German societies of the city, including the Walther League, and was a member of Concordia Lutheran church. Mr. Herbst's father was the late Frederick Herbst, who lost his life by drowning in the old canal early in 1886. Surviving are his aged mother, his wife and three children—Fred, Clara and Henry Herbst.

Funeral services will be held Wednesday afternoon at 2 o'clock from the residence and at 2:30 from Concordia Lutheran church. The interment will be at Concordia.

SAUERTEIG.

John Sauerteig, sr., 78 years of age, was stricken by heart trouble at Washington and Jackson streets while on his way to church Sunday morning at 10 o'clock and died a few moments later at the residence of M. M. Thompson, 241 Washington street.

Mr. Sauertoig came from Germany just one year ago to visit his children in this city. The aged gentleman had just left the home of his son, John Sauerteig, 263 West Jefferson street, Sunday morning to attend St. John's Lutheran church, and was but a square away from the edifice when he was stricken by the fatal malady. He fell unconscious to the sidewalk, and two gentlemen who saw him fall carried the prostrate man into Mr. Thompson's residence. Physicians were summoned, but death ensued before their arrival. Mr. Sauerteig's family was just leaving their home for church when notified of the death of the aged man. He had arisen at the usual hour, eaten a hearty breakfast, and seemed in excellent health. Mr. Sauerteig was a native of Bavaria, and the surviving relatives include four children and a sister. Three of the children reside in Fort Wayne—John, Frederick and Miss Hanna Sauerteig. Another daughter resides in Germany.

Funeral services will be held Tuesday afternoon at 1:30 from the residence, 263 West Jefferson street, and at 2 o'clock from St. John's Lutheran church. Interment at St. John's cemetery.

HAAS.

Louis H. Haas, assistant foreman of the Pennsylvania freight house, died at St. Joseph's hospital Saturday night as the result of injuries received Sunday evening when he was hit by an [illegible] the Pennsylvania yards. From the first his injuries were recognized as of so severe a character as to offer little ground for hope of his recovery. The skill of physicians and the brave fight for life made by the patient were alike unavailing, and death ensued after a little more than four days of suffering.

Mr. Haas was 48 years of age, and though born in Germany had spent the greater part of his life in Fort Wayne. For twenty-seven years he had been in the employ of the Pennsylvania company, and for the greater part of that time in the capacity of assistant foreman at the freight house. He was very popular among his fellow-workmen, and had a very wide circle of acquaintances who will be deeply pained by his death. Mr. Haas resided at 108 High street. He leaves a widow, but no children. William J. Haas, of South Wayne, is a brother. The deceased was a member of St. Charles' society of St. Mary's Catholic church.

Funeral services will be held Tuesday morning at 8:30 from the residence and at 9 o'clock from St. Mary's Catholic church.

GOTTA.

Anna, infant daughter of Mr. and Mrs. Michael Gotta, of 19 Harmer street, died Sunday morning from exhaustion.

Funeral services were held this afternoon from St. Mary's Catholic church.

STEINBRUNNER.

Robert Steinbrunner, formerly foreman of the Pennsylvania round house and widely known among the older railroad men of the city, died at 8 o'clock this morning at his home, 24 West Williams street, after an illness of two weeks. Mr. Steinbrunner's death was due to heart disease. He was a native of Baden, Germany, 75 years of age and had resided in Fort Wayne nearly fifty years.

Mr. Steinbrunner's life was an active one, until he retired from railroad work eight years ago, and many of his experiences as a traveler were quite out of the ordinary. He made two trips from Germany to America, and on one occasion was shipwrecked off the coast of Portugal. In 1849 Mr. Steinbrunner joined the gold-seekers' exodus to California, making the trip from New York by sailing vessel to the Isthmus of Panama, which he crossed afoot in company with his brother, taking another vessel on the west coast for California. Returning to Fort Wayne he entered the railroad service, where he remained until advancing age compelled him to retire a few years ago. He was widely known and highly esteemed.

Surviving are the widow and six daughters—Mrs. Nicholas Hoffman, Mrs. E. A. Barnes and the Misses Rosa, Anna, Fannie and Mamie Steinbrunner. The deceased was a devoted member of St. Patrick's Catholic church and the funeral services will be held from that church on Thursday morning.

GAVIN.

James A. Gavin died at 4 o'clock this morning at his home, 311 East Wayne street, at the age of 53 years, 3 months and 10 days. Mr. Gavin has been in failing health for the past year, though his last illness was of but little more than a week in duratiton.

Mr. Gavin was a native of Scotland, but had resided in Fort Wayne nearly all his life. He was for many years janitor of the high school and was well known. His wife died some years ago and there is but one child, Dr. Frank Gavin, of Canton, Ohio, who was called to the city some days ago by his father's illness. A brother, Robert Gavin, is a miller at the Tresselt mills.

HAD A VERY NARROW ESCAPE

COUNCILMAN HOSEY AND FAMILY OVERCOME BY GAS.

Members of the Family Were Aroused With Difficulty—Leeking Pipe Did It.

The family of Councilman William J. Hosey, residing at 131 East Washington street, escaped death by asphyxiation Sunday morning by the narrowest sort of a margin, and while all are now out of danger, they still suffer some ill effects of their experience.

It was early Sunday morning that Mr. Hosey awoke feeling very dizzy and almost unable to breathe. He did not at first realize the cause of the trouble, but soon detected the fumes of gas which had permeated every part of the house. Mr. Hosey at once set about awakening Mrs. Hosey and their two children, which was finally accomplished, with much difficulty. All were suffering excessively from the gas, and it was not until long after the windows and doors had been thrown open to admit fresh air that they began to revive.

Mrs. Hosey, as soon as possible, hurried to the door of the room occupied by the domestic and attempted to arouse her. She had also been greatly affected by the gas-laden air, and when finally assisted from her bed almost immediately collapsed in a faint. Prompt medical ministration was successful in reviving the young lady, though the entire family suffered severely all day from their unpleasant experience. Mr. Hosey was, however, able to return to work this morning.

A leaking pipe at the furnace was responsible for the trouble.

OTTO HERBST DIES

BRIEF ILLNESS TERMINATED FATALLY SUNDAY.

JOHN SAUERTEIG IS NO MORE

AGED MAN STRICKEN ON HIS WAY TO CHURCH.

HAAS DIES FROM INJURIES

OTHER DEATHS AND FUNERAL NOTICES TADAY.

Otto P. Herbst, formerly deputy postmaster, for several years a bookkeeper at the Hamilton National bank, and later a member of the real estate and insurance firm of Scherer & Herbst, died at his home, 443 East Lewis street, Sunday morning at 11 o'clock. Mr. Herbst was very widely known in Fort Wayne, and his friends are legion.

His illness was a brief one, and death was due to a complication of diseases. He had long devoted himself assiduously to business affairs, and was taken ill little more than a week ago. His condition, not at first regarded as serious, assumed an alarming phase when typhoid pneumonia developed, and this was aggravated by stomach trouble. The efforts of skilled physicians were fruitless, and he gradually declined until death ensued on Sunday.

Mr. Herbst was 44 years of age. He was born at Indianapolis, but came to Fort Wayne with his parents when but a small boy. Here he was educated, completing the course with honor at Concordia college, and at once engaged in business. September 1, 1885, he was appointed stamp clerk at the Fort Wayne post office, and later was made deputy postmaster under the administration of William Kaough. With the change in administration Mr. Herbst went to the Hamilton National bank as bookkeeper, a position which he retained until last July, when he resigned to form a partnership with ex-Mayor H. P. Scherer in the real estate and insurance business.

He was actively interested in public affairs, was a member of the county council, and his name had been mentioned in connection with the democratic nomination for county clerk. Mr. Herbst was prominent in building and loan affairs, and he held the position of secretary of the Teutonia association. He was also identified with a number of the German societies of the city, including the Walther League, and was a member of Concordia Lutheran church. Mr. Herbst's father was the late Frederick Herbst, who lost his life by drowning in the old canal early in 1886. Surviving are his aged mother, his wife and three children—Fred, Clara and Henry Herbst.

Funeral services will be held Wednesday afternoon at 2 o'clock from the residence and at 2:30 from Concordia Lutheran church. The interment will be at Concordia.

SAUERTEIG.

John Sauerteig, sr., 78 years of age, was stricken by heart trouble at Washington and Jackson streets while on his way to church Sunday morning at 10 o'clock and died a few moments later at the residence of M. M. Thompson, 241 Washington street.

Mr. Sauerteig came from Germany just one year ago to visit his children in this city. The aged gentleman had just left the home of his son, John Sauerteig, 263 West Jefferson street, Sunday morning to attend St. John's Lutheran church, and was but a square away from the edifice when he was stricken by the fatal malady. He fell unconscious to the sidewalk, and two gentlemen who saw him fall carried the prostrate man into Mr. Thompson's residence. Physicians were summoned, but death ensued before their arrival. Mr. Sauerteig's family was just leaving their home for church when notified of the death of the aged man. He had arisen at the usual hour, eaten a hearty breakfast, and seemed in excellent health. Mr. Sauerteig was a native of Bavaria, and the surviving relatives include four children and a sister. Three of the children reside in Fort Wayne—John, Frederick and Miss Hanna Sauerteig. Another daughter resides in Germany.

Funeral services will be held Tuesday afternoon at 1:30 from the residence, 263 West Jefferson street, and at 2 o'clock from St. John's Lutheran church. Interment at St. John's cemetery.

HAAS.

Louis H. Haas, assistant foreman of the Pennsylvania freight house, died at St. Joseph's hospital Saturday night as the result of injuries sustained Tuesday evening when he was struck by an engine in the Pennsylvania yards. From the first his injuries were recognized as of so severe a character as to offer little ground for hope of his recovery. The skill of physicians and the brave fight for life made by the patient were alike unavailing, and death ensued after a little more than four days of suffering.

Mr. Haas was 48 years of age, and though born in Germany had spent the greater part of his life in Fort Wayne. For twenty-seven years he had been in the employ of the Pennsylvania company, and for the greater part of that time in the capacity of assistant foreman at the freight house. He was very popular among his fellow-workmen, and had a very wide circle of acquaintances who will be deeply pained by his death. Mr. Haas resided at 108 High street. He leaves a widow, but no children. William J. Haas, of South Wayne, is a brother. The deceased was a member of St. Charles' society of St. Mary's Catholic church.

Funeral services will be held Tuesday morning at 8:30 from the residence and at 9 o'clock from St. Mary's Catholic church.

GOTTA.

Anna, infant daughter of Mr. and Mrs. Michael Gotta, of 19 Harmer street, died Sunday morning from exhaustion.

Funeral services were held this afternoon from St. Mary's Catholic church.

STEINBRUNNER.

Robert Steinbrunner, formerly foreman of the Pennsylvania round house and widely known among the older railroad men of the city, died at 3 o'clock this morning at his home, 24 West Williams street, after an illness of two weeks. Mr. Steinbrunner's death was due to heart disease. He was a native of Baden, Germany, 75 years of age and had resided in Fort Wayne nearly fifty years.

Mr. Steinbrunner's life was an active one, until he retired from railroad work eight years ago, and many of his experiences as a traveler were quite out of the ordinary. He made two trips from Germany to America, and on one occasion was shipwrecked off the coast of Portugal. In 1849 Mr. Steinbrunner joined the gold-seekers' exodus to California, making the trip from New York by sailing vessel to the Isthmus of Panama, which he crossed afoot in company with his brother, taking another vessel on the west coast for California. Returning to Fort Wayne he entered the railroad service, where he remained until advancing age compelled him to retire a few years ago. He was widely known and highly esteemed.

Surviving are the widow and six daughters—Mrs. Nicholas Hoffman, Mrs. E. A. Barnes and the Misses Rosa, Anna, Fannie and Mamie Steinbrunner. The deceased was a devoted member of St. Patrick's Catholic church and the funeral services will be held from that church on Thursday morning.

GAVIN.

James A. Gavin died at 4 o'clock this morning at his home, 311 East Wayne street, at the age of 53 years, 3 months and 10 days. Mr. Gavin has been in failing health for the past year, though his last illness was of but little more than a week in duration.

Mr. Gavin was a native of Scotland, but had resided in Fort Wayne nearly all his life. He was for many years janitor of the high school and was well known. His wife died some years ago and there is but one child, Dr. Frank Gavin, of Canton, Ohio, who was called to the city some days ago by his father's illness. A brother, Robert Gavin, is a miller at the Tresselt mills.

HAD A VERY NARROW ESCAPE

COUNCILMAN HOSEY AND FAMILY OVERCOME BY GAS.

Members of the Family Were Aroused With Difficulty—Leeking Pipe Did It.

The family of Councilman William J. Hosey, residing at 131 East Washington street, escaped death by asphyxiation Sunday morning by the narrowest sort of a margin, and while all are now out of danger, they still suffer some ill effects of their experience.

It was early Sunday morning that Mr. Hosey awoke feeling very dizzy and almost unable to breathe. He did not at first realize the cause of the trouble, but soon detected the fumes of gas which had permeated every part of the house. Mr. Hosey at once set about awakening Mrs. Hosey and their two children, which was finally accomplished, with much difficulty. All were suffering excessively from the gas, and it was not until long after the windows and doors had been thrown open to admit fresh air that they began to revive.

Mrs. Hosey, as soon as possible, hurried to the door of the room occupied by the domestic and attempted to arouse her. She had also been greatly affected by the gas-laden air, and when finally assisted from her bed almost immediately collapsed in a faint. Prompt medical ministration was successful in reviving the young lady, though the entire family suffered severely all day from their unpleasant experience. Mr. Hosey was, however, able to return to work this morning.

A leaking pipe at the furnace was responsible for the trouble.

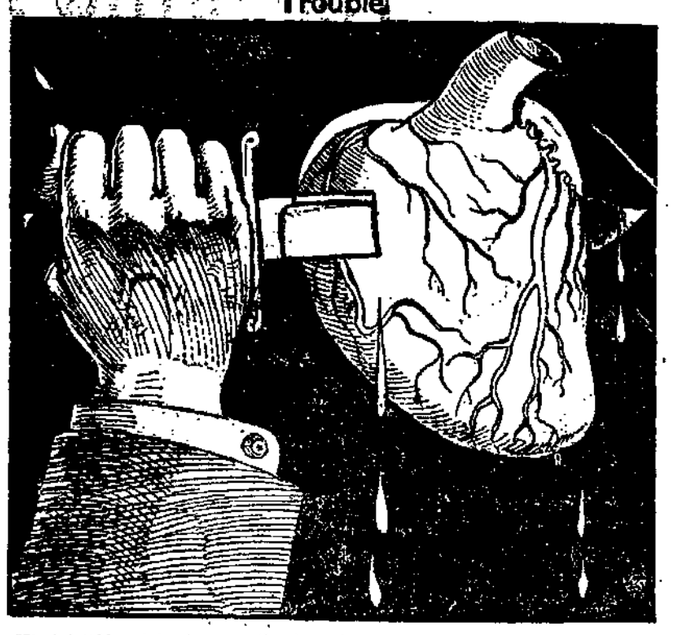
Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble



Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, or poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half-digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contains valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Mrs. Lydia Bartram, of Assyria, Mich., writes: "I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken."

Mrs. G. H. Crotsley, 532 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

Miss Lelia Dively, 4627 Plummer St., Pittsburg, Pa., writes: "I wish everyone to know how grateful I am for Stuart's Dyspepsia Tablets. I suffered for a long time and did not know what ailed me. I lost flesh right along until one day I noticed an advertisement of these tablets and immediately bought a 50-cent box at the drug store. I am only on the second box and am gaining in flesh and color. I have at last found something that has reached my ailment."

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

Full-sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address, F. A. Stuart Co., Marshall, Mich.

NEW AGENT TO KILL DISEASE.

Ann Arbor, Mich., Dec. 23.—Scientific men at the University of Michigan are eagerly awaiting the detailed results of remarkable experiments that have just been concluded by Prof. Frederic G. Novy, a foremost bacteriologist and professor of physiological chemistry and bacteriology at the university. If in actual practice as good results can be obtained as were secured in the laboratory all such diseases as Asiatic cholera, typhoid fever, dysentery and other intestinal troubles may be stricken from the list of human ills. What is believed to be an absolute intestinal antiseptic has been produced by Dr. Novy, and in a series of rigorous experiments upon five students it has served to destroy all bodily poisons. Prof. Novy is saying nothing to arouse undue hopes as to the effects of his discovery, which he has named "benzorone," but his colleagues and the students are confident that the long-hoped for antiseptic has been found.

FOR MURDER DONE IN 1869.

Guthrie, O. T., Dec. 23.—Betrayed by his first wife, with whom he had lived for forty years, James Wilson is about to face trial for a double murder committed thirty-two years ago. He is now 70 years old. During all the thirty-two years since the commission of the crime Wilson has been a fugitive from the authorities of Missouri. He found a secure hiding place in this country until the rush to the Kiowa and Comanche Indian reservations last spring. During this old neighbors in Missouri passed through. They accidentally stopped at the house of the divorced wife of Wilson, recognized her and subsequently learned that Wilson was a farmer and that he lived ten miles west of Guthrie.

Laporte, Ind., Dec. 23.—A movement has had its inception here to present the claims of Judge William B. Biddle, formerly judge of the Laporte circuit court, for appointment to the supreme judgship, made vacant by the appointment of Judge Baker to the United States circuit court. Judge Bidle served with distinction in the civil war, rounded a term on the bench by appointment of Governor Mount and is one of the best known lawyers in the state.

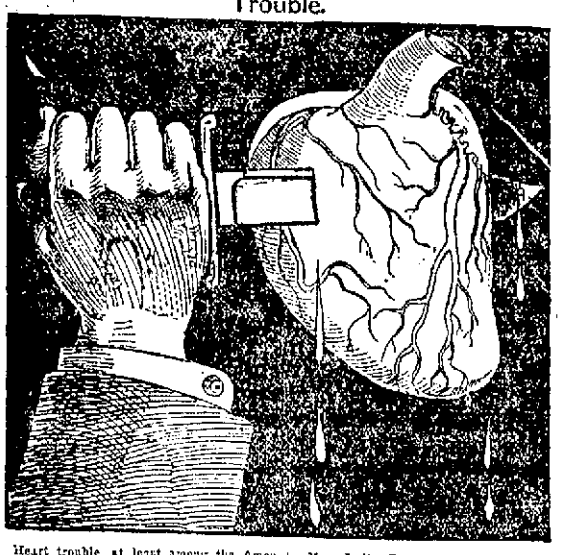
Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble.



Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, or poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half-digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contains valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Mrs. Lydia Bartram, of Assyria, Mich., writes: "I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken."

Mrs. C. H. Grotsley, 528 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl likes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

Miss Lelia Direly, 4627 Plummer St., Pittsburg, Pa., writes: "I wish everyone to know how grateful I am for Stuart's Dyspepsia Tablets. I suffered for a long time and did not know what ailed me. I lost flesh right along until one day I noticed an advertisement of these tablets and immediately bought a 50-cent box at the drug store. I am only on the second box and am gaining in flesh and color. I have at last found something that has reached my ailment."

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

Full-sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address, F. A. Stuart Co., Marshall, Mich.

If in actual practice as good results can be obtained as were secured in the laboratory all such diseases as Asiatic cholera, typhoid fever, dysentery and other intestinal troubles may be stricken from the list of human ills. What is believed to be an absolute intestinal antiseptic has been produced by Dr. Novy, and in a series of rigorous experiments upon five students it has served to destroy all bodily poisons. Prof. Novy is saying nothing to arouse undue hopes as to the effects of his discovery, which he has named "benzozone," but his colleagues and the students are confident that the long-hoped for antiseptic has been found.

FOR MURDER DONE IN 1869.

Guthrie, O. T., Dec. 23.—Betrayed by his first wife, with whom he had lived for forty years, James Wilson is about to face trial for a double murder committed thirty-two years ago. He is now 70 years old. During all the thirty-two years since the commission of the crime Wilson has been a fugitive from the authorities of Missouri. He found a secure hiding place in this country until the rush to the Kiowa and Comanche Indian reservations last spring. During this old neighbors in Missouri passed through. They accidentally stopped at the house of the divorced wife of Wilson, recognized her and subsequently learned that Wilson was a farmer and that he lived ten miles west of Guthrie.

It took a long time to find out whether Maclay should be fired or promoted for calling Admiral Schley a coward.

Governor Crane, of Massachusetts, evidently believes that presiding over the destinies of the Bean-eaters is strenuous enough for him. He does not want a cabinet position.

Neither President Roosevelt nor congress can put an end to the Schley affair by ignoring it. It is an issue that grows. The president cannot reprimand the public for its opinions, as he can officers of the army and navy.

Since General Miles was so heavily sat down upon by the president, army officers will take care how they discuss even the weather for fear of being called to the carpet to answer for expressing opinions regarding the "actions of a co-ordinate branch" of the government.

George M. Ray, journalist, politician and all-round bad citizen, now "doing time" in Michigan City prison for corrupt practices in his own county of Shelby, has tried to bribe Senator Beveridge and Governor Durbin to get him out of the penitentiary. In a letter to the senator Ray offered him $2,000 to secure a pardon, $1,000 to go to the governor and the senator to retain the other $1,000 for his services. It is hardly conceivable that Ray should seriously believe the interest of Senator Beveridge could be enlisted in such a matter by such a manner or that Governor Durbin's favor could be purchased. It was probably a way Ray invented to create the impression the governor could be bribed. However, Ray has all his life proceeded on the principle that every man has his price and Ray has paid it no doubt in a multitude of instances, not to speak of the price he has himself doubtless commanded almost as many times. Ray is now where he should have been years ago and it is to be hoped that this latest effort in the way of bribery, whether a step made as a joke or taken seriously, will operate to keep him behind bars to the limit of the law.

The general opinion of those who have followed closely the proceedings of the Pan-American congress at the City of Mexico is that the session has been a failure. It might have accomplished much had the delegates of some of the South American republics shown less insistence in providing a scheme of international arbitration that was bound to be unsatisfactory to other states. In trying to accomplish too much the congress has accomplished practically nothing at all.

ABOUT THE CITY HALL.

Since the abatement of the cold snap the prospective distress from a threatened water famine has disappeared, although the water in the reservoir yesterday was fourteen feet low. This morning, however, the water was up to the top and the pumps have held their own. Yesterday noon the water was turned off the elevator line in Patterson's store on account of a broken pipe and last night the waterworks department was notified that the fire line at Rhinesmith & Simonson's factory was broken and that connection, too, was shut off. The new well being sunk near Van Buren street is not yet completed, although it is now nearly 250 feet deep.

As has been the custom for a number of years all city employes are being paid off in time to allow the use of the monthly wages for holiday purposes. All the departments, including parks, police, streets and city hall received their pay today, the amount distributed being about $8,000. Of this amount only $219.36 went to park and street employes.

City Attorney Shambaugh was called to the residence of his father, near Leo, yesterday. The old gentleman, who has been ill for a long time, is again in a critical condition and it is feared he can not long survve.

The board of works will meet in regular session this afternoon. No business of any importance whatever has yet been filed with the city clerk.

A new case of scarlet fever has been reported at 24 Scott avenue and another at the corner of Lillie and Hayden streets.

Waterworks Trustee Kaough has returned from Toledo, where he went last week to hunt up a coal supply for his department. He succeeded in getting hold of a big consignment, which will be shipped in at once.

KILLS MOTHER IN NIGHTMARE.

Cleveland, Ohio, Dec. 23.—As the result of a shocking tragedy Henry C. Krause, of 50 Rogers streets, is violently insane at the central police station. Krause during a horrible nightmare strangled his aged mother to death. Awakening and discovering his awful deed, he spent the night till daylight in prayer and at 8 a. m. hurried to the home of his pastor, Rev. J. H. Wefel, and related the awful story. The minister took Krause to the police station.

J. F. Bower is home from Kendallville to spend the holidays with his mother.

ALGER IS HOLDING HIS OWN

EX-SECRETARY OF WAR HAS A GOOD NIGHT.

Rallied Splendidly From Shock of a Surgical Operation and Has a Good Chance for Life.

Detroit, Mich., Dec. 23.—Gen. R. A. Alger, former secretary of war, who was operated on yesterday, passed a very comfortable night and was reported in good condition this morning by Dr. Longyear. At 8 o'clock his pulse was 80 and his temperature was 99.8.

He slept almost all night and was much freer from pain this morning.

At 10 a. m. the following bulletin was issued on General Alger's condition:

"General Alger passed a good night, with several hours of interrupted sleep. He vomited twice, the last time at midnight. Temperature, 100; pulse, 78. He is bright and the conditions are satisfactory.

((Signed.)
"C. G. Jennings, M. D.,
"Howard Longyear, M. D."

Dr. Jennings, who is in charge of the case, said today that General Alger had passed the first danger of an abdominal operation—that is, the shock. Now comes the danger of infection or some other complication, and it will be several days before this is passed, he said.

THE NEWS OF THE POLICE

Four prisoners, four reporters, a squad of policemen and a well filled lobby said some pretty hard things about Judge Louttit, under their breath, this morning, when he finally arrived and opened police court just an hour late. Edward Brown was arrested by Detective Coling on Saturday for having stolen an overcoat from the waiting room at the Lake Shore depot the day before. Brown was readily identified as the fellow who had been hanging about the place when the coat disappeared. He denied the theft and refused to tell where the coat is if he knows. Four pairs of gloves of different sizes and quality, all new, were found in his pockets, and he refused to tell where he got them, saying that he did not know. A plain charge of intoxication was placed against him for the purpose of detaining him for further investigation. Judge Louttit assessed a fine of $15 against him, which will hold him for awhile.

John McDermutt, another plain drunk, was given eleven days and went over. Michael Toohey and August Dammeyer were caged on Saturday night and they, too, got eleven days each, but later were released by the judge.

A handsome thoroughbred Llewellyn setter is being held at the police station awaiting a claimant.

Jesse Yerkes, a runaway boy from Paulding, Ohio, was sent home to his parents on Saturday night.

F. J. Hayden reports the loss of his valuable hunting dog.

A horse blanket found on the street was sent to the police station to await identification.

Ed Erwin complains that some one traded overcoats with him at the flower show at Randall hall on Saturday night.

It took a long time to find out whether Maclay should be fired or promoted for calling Admiral Schley a coward.

Governor Crane, of Massachusetts, evidently believes that presiding over the destinies of the Bean-eaters is strenuous enough for him. He does not want a cabinet position.

Neither President Roosevelt nor congress can put an end to the Schley affair by ignoring it. It is an issue that grows. The president cannot reprimand the public for its opinions, as he can officers of the army and navy.

Since General Miles was so heavily sat down upon by the president, army officers will take care how they discuss even the weather for fear of being called to the carpet to answer for expressing opinions regarding the "actions of a co-ordinate branch" of the government.

George M. Ray, journalist, politician and all-round bad citizen, now "doing time" in Michigan City prison for corrupt practices in his own county of Shelby, has tried to bribe Senator Beveridge and Governor Durbin to get him out of the penitentiary. In a letter to the senator Ray offered him $2,000 to secure a pardon, $1,000 to go to the governor and the senator to retain the other $1,000 for his services. It is hardly conceivable that Ray should seriously believe the interest of Senator Beveridge could be enlisted in such a matter by such a manner or that Governor Durbin's favor could be purchased. It was probably a way Ray invented to create the impression the governor could be bribed. However, Ray has all his life proceeded on the principle that every man has his price and Ray has paid it no doubt in a multitude of instances, not to speak of the price he has himself doubtless commanded almost as many times. Ray is now where he should have been years ago and it is to be hoped that this latest effort in the way of bribery, whether a step made as a joke or taken seriously, will operate to keep him behind bars to the limit of the law.

The general opinion of those who have followed closely the proceedings of the Pan-American congress at the City of Mexico is that the session has been a failure. It might have accomplished much had the delegates of some of the South American republics shown less insistence in providing a scheme of international arbitration that was bound to be unsatisfactory to other states. In trying to accomplish too much the congress has accomplished practically nothing at all.

ABOUT THE CITY HALL.

Since the abatement of the cold snap the prospective distress from a threatened water famine has disappeared, although the water in the reservoir yesterday was fourteen feet low. This morning, however, the water was up to the top and the pumps have held their own. Yesterday noon the water was turned off the elevator line in Patterson's store on account of a broken pipe and last night the waterworks department was notified that the fire line at Rhinesmith & Simonson's factory was broken and that connection, too, was shut off. The new well being sunk near Van Buren street is not yet completed, although it is now nearly 250 feet deep.

As has been the custom for a number of years all city employes are being paid off in time to allow the use of the monthly wages for holiday purposes. All the departments, including parks, police, streets and city hall received their pay today, the amount distributed being about $8,000. Of this amount only $219.36 went to park and street employes.

City Attorney Shambaugh was called to the residence of his father, near Leo, yesterday. The old gentleman, who has been ill for a long time, is again in a critical condition and it is feared he can not long survive.

The board of works will meet in regular session this afternoon. No business of any importance whatever has yet been filed with the city clerk.

A new case of scarlet fever has been reported at 24 Scott avenue and another at the corner of Lillie and Hayden streets.

Waterworks Trustee Keough has returned from Toledo, where he went last week to hunt up a coal supply for his department. He succeeded in getting hold of a big consignment, which will be shipped in at once.

"Yo' jes knowed I had rheumatics an' couldn't git up dar arter yo'."

KILLS MOTHER IN NIGHTMARE.

Cleveland, Ohio, Dec. 23.—As the result of a shocking tragedy Henry C. Krause, of 50 Rogers streets, is violently insane at the central police station. Krause during a horrible nightmare strangled his aged mother to death. Awakening and discovering his awful deed, he spent the night till daylight in prayer and at 8 a. m. hurried to the home of his pastor, Rev. J. H. Wefel, and related the awful story. The minister took Krause to the police station.

J. F. Bower is home from Kendallville to spend the holidays with his mother.

ALGER IS HOLDING HIS OWN

EX-SECRETARY OF WAR HAS A GOOD NIGHT.

Rallied Splendidly From Shock of a Surgical Operation and Has a Good Chance for Life.

Detroit, Mich., Dec. 23.—Gen. R. A. Alger, former secretary of war, who was operated on yesterday, passed a very comfortable night and was reported in good condition this morning by Dr. Longyear. At 8 o'clock his pulse was 80 and his temperature was 99.8.

He slept almost all night and was much freer from pain this morning.

At 10 a. m. the following bulletin was issued on General Alger's condition:

"General Alger passed a good night, with several hours of interrupted sleep. He vomited twice, the last time at midnight. Temperature, 100; pulse, 78. He is bright and the conditions are satisfactory.

((Signed.)
"C. G. Jennings, M. D.,
"Howard Longyear, M. D."

Dr. Jennings, who is in charge of the case, said today that General Alger had passed the first danger of an abdominal operation—that is, the shock. Now comes the danger of infection or some other complication, and it will be several days before this is passed, he said.

THE NEWS OF THE POLICE

Four prisoners, four reporters, a squad of policemen and a well filled lobby said some pretty hard things about Judge Louttit, under their breath, this morning, when he finally arrived and opened police court just an hour late. Edward Brown was arrested by Detective Coling on Saturday for having stolen an overcoat from the waiting room at the Lake Shore depot the day before. Brown was readily identified as the fellow who had been hanging about the place when the coat disappeared. He denied the theft and refused to tell where the coat is if he knows. Four pairs of gloves of different sizes and quality, all new, were found in his pockets, and he refused to tell where he got them, saying that he did not know. A plain charge of intoxication was placed against him for the purpose of detaining him for further investigation. Judge Louttit assessed a fine of $15 against him, which will hold him for awhile.

John McDermutt, another plain drunk, was given eleven days and went over. Michael Toohey and August Dammeyer were caged on Saturday night and they, too, got eleven days each, but later were released by the judge.

A handsome thoroughbred Llewellyn setter is being held at the police station awaiting a claimant.

Jesse Yerkes, a runaway boy from Paulding, Ohio, was sent home to his parents on Saturday night.

F. J. Hayden reports the loss of his valuable hunting dog.

A horse blanket found on the street was sent to the police station to await identification.

Ed Erwin complains that some one traded overcoats with him at the flower show at Randall hall on Saturday night.

A FEW SPORTING NOTES

A. G. Spalding, who recently elected himself president of the National league and after firing Andy Freedman and his New York club, proceeded to run things to suit himself, has been enjoined from being the whole thing. He has concluded to lay down until the courts get through with him and has issued a letter to that effect.

George Tebeau has sold his interest in the Denver club of the Western league to M. E. Beall, of Minneapolis. In the meantime Walter Wilmot has obtained control of the Minneapolis franchise, and now the question which naturally arises is what is going to happen to Grand Rapids?

It won't hurt to make a guess that when the 1902 season is ready to open Toledo and Columbus will be right in line again in the Western association. Columbus is not quite so certain, but there is scarcely any doubt that after Mr. Strobel has unloaded his stomach of the usual winter accumulation of bile, he will be at his accustomed place on the back step hammering to get in.

The Cincinnati Commercial-Tribune has a column concerning a famous Fort Wayne horse, from the pen of John McCartney, the well known turf writer. He speaks in glowing terms of W. M. McKinnie's six-week-old colt, Gerald McKinnie. Among other things Mr. McCartney says: "I saw an orphan colt the other day which has a wonderful speed inheritance. The youngster is only six weeks old, yet he already acts like a coming fast one. The colt is called Gerald McKinnie, and he is by the champion Cresceus (2:02¼), out of the famous old race mare, Mary Centlivre, by R. C. Brown (2:13½), a son of Florida. Mary Centlivre, (2:12) at the time she was bred to Cresceus, was the fastest mare ever bred to the champion, and there is every reason to believe that her foal will add still further honors to the noted family of which his dam is a member. * * * * The colt is jet black in color, and is one of the biggest and handsomest colts I ever saw. He has the head and neck of Cresceus, the same stout back and massive qualities. I saw him trot across the paddock, and he has the same low, far-reaching stride and wonderful driving power in his hind legs which distinguishes his sire. I doubt if a mare with as much speed inheritance was ever bred to the champion and the blood of these great daughters of Blue Bull, combined with that of great old Robert McGregor, should prove a successful cross."

George Swain, jr., has been appointed the official agent and correspondent for the Western Horseman.

YAWN DISLOCATED HIS JAW.

(Huntington News-Democrat.)

John Gunzenhauser sat yawning by a good warm fire at his home, northwest of the city, last Friday evening. He was thinking of retiring and intended going to his room the next moment. But he yawned once too often. In the midst of a mighty yawn his lower jaw flopped out of place and the grimaces he made were laughable, though painful to him. His intention of retiring had to be abandoned and instead he was fully awakened by a cold drive to the city. Dr. A. H. Shaffer was interrupted in his preparations for retiring and called upon the reduce the dislocation. After several attempts the jaw went back to place with all haste and Gunzenhauser's front teeth came shut on the surgeon's thumb. Everything was again in working order.

WERE WEDDED SUNDAY.

Samuel D. Cary and Miss Margaret Cherry were united in marriage at noon on Sunday, the ceremony being performed at the residence of the groom's father, 224 Francis street. Rev. M. C. Cooper officiated, and the guests included only immediate relatives of the contracting couple. Mr. Cary is a molder at the Bass foundry, and the bride is the accomplished daughter of Mr. and Mrs. W. H. Cherry, of 152 Holman street. Both are well known and very estimable young people. They will begin housekeeping on Francis street.

ANNIVERSARY OBSERVED.

A very important event took place yesterday afternoon at the First Baptist church. It was the Christmas anniversary of S. F. Bowser's Sunday school class. Splendid music was rendered by a large orchestra and E. F. Yarnelle sang two solos with impressive effect. Mr. Bowser taught the Sunday school lesson and closed with a very earnest appeal to those present to turn over a new leaf and start the new year right. Short addresses were made by Rev. J. N. Field, pastor of the church; A. Z. Folhamus, superintendent of the Sunday school; E. F. Yarnelle and E. A. K. Hackett. After these exercises a collection was taken from which $27 was realized for the benefit of the poor. Mr. Bowser presented each person there with a Christmas souvenir in the shape of a neat button photograph of himself. The meeting was enjoyable and inspiring to all present and will be long remembered.

ANDREWS WILL PETITION.

Residents of Andrews will petition the Fort Wayne and Southwestern Railroad company to build a spur from its trolley line north of the river to that place. The greatest difficulty to be encountered is in bridging the Wabash, though if the right can be obtained to use the county bridge, which may be strengthened so as to carry the heavy trolley cars, it would probably pay to build the three-fourths of a mile track. The Signal says a great deal of business for the new line will originate at that place.

Solemn pontifical high mass will be celebrated at the Cathedral at 5 o'clock Christmas morning by Bishop Alerding, and Rev. P. J. O'Reilley will preach. Bishop Alerding will celebrate solemn high mass at 10 o'clock and will officiate at pontifical vespers at 3 o'clock in the afternoon. Special music will be rendered at each service.

Miss Celia Finney, of Melita street, celebrated her birthday anniversary Saturday evening in a manner most pleasant to herself and to all who were permitted to participate in the affair. Among the amusements was progressive pedro, the prizes going to Mrs. W. H. Ropa and Ed Claypool and Miss Clara Rauner and Frank Schilling in the order named.

HE WILL PRESS THE SUIT

HILL'S STATEMENT WILL NOT STOP PROSECUTION.

Attorney General of Minnesota Will Proceed Against the Great Railway Combine.

St. Paul, Minn., Dec. 23.—Attorney General W. B. Douglass, in an interview, states that the published letter of J. J. Hill, in explanation of recent transactions in the stocks of western railroads and the purposes of the Northern Securities company, would not in any way influence the action which has been contemplated by the state officers of Minnesota.

General Douglass declined to discuss the subject matter of the letter at this time. He said:

"I have read it very carefully and with much interest, and if I were entirely free in the matter would be glad to express my views, which I will admit are very positive on the question. But considering the position in which I am placed by reason of my official obligations, I consider that it would be highly impolitic for me to enter into any discussion of Mr. Hill's letter at this time."

Asked whether he would accompany Governor Van Sant to attend the projected conference of governors at Helena, the attorney general said that was still uncertain. He had promised the governor, he said, that he would go, if he could so arrange the business of his department as to permit of his absence.

A FEW SPORTING NOTES

A. G. Spalding, who recently elected himself president of the National league and after firing Andy Freedman and his New York club, proceeded to run things to suit himself, has been enjoined from being the whole thing. He has concluded to lay down until the courts get through with him and has issued a letter to that effect.

George Tebeau has sold his interest in the Denver club of the Western league to M. E. Beall, of Minneapolis. In the meantime Walter Wilmot has obtained control of the Minneapolis franchise, and now the question which naturally arises is what is going to happen to Grand Rapids?

It won't hurt to make a guess that when the 1902 season is ready to open Toledo and Columbus will be right in line again in the Western association. Columbus is not quite so certain, but there is scarcely any doubt that after Mr. Strobel has unloaded his stomach of the usual winter accumulation of bile, he will be at his accustomed place on the back step hammering to get in.

The Cincinnati Commercial-Tribune has a column concerning a famous Fort Wayne horse, from the pen of John McCartney, the well known turf writer. He speaks in glowing terms of W. M. McKinnie's six-week-old colt, Gerald McKinnie. Among other things Mr. McCartney says: "I saw an orphan colt the other day which has a wonderful speed inheritance. The youngster is only six weeks old, yet he already acts like a coming fast one. The colt is called Gerald McKinnie, and he is by the champion Cresceus (2:02¼), out of the famous old race mare, Mary Centlivre, by R. C. Brown (2:13½), a son of Florida. Mary Centlivre, (2:12) at the time she was bred to Cresceus, was the fastest mare ever bred to the champion, and there is every reason to believe that her foal will add still further honors to the noted family of which his dam is a member. * * * * The colt is jet black in color, and is one of the biggest and handsomest colts I ever saw. He has the head and neck of Cresceus, the same stout back and massive qualities. I saw him trot across the paddock, and he has the same low, far-reaching stride and wonderful driving power in his hind legs which distinguishes his sire. I doubt if a mare with as much speed inheritance was ever bred to the champion and the blood of these great daughters of Blue Bull, combined with that of great old Robert McGregor, should prove a successful cross."

George Swain, jr., has been appointed the official agent and correspondent for the Western Horseman.

YAWN DISLOCATED HIS JAW.

(Huntington News-Democrat.)

John Gunzenhauser sat yawning by a good warm fire at his home, northwest of the city, last Friday evening. He was thinking of retiring and intended going to his room the next moment. But he yawned once too often. In the midst of a mighty yawn his lower jaw flopped out of place and the grimaces he made were laughable, though painful to him. His intention of retiring had to be abandoned and instead he was fully awakened by a cold drive to the city. Dr. A. H. Shaffer was interrupted in his preparations for retiring and called upon the reduce the dislocation. After several attempts the jaw went back to place with all haste and Gunzenhauser's front teeth came shut on the surgeon's thumb. Everything was again in working order.

WERE WEDDED SUNDAY.

Samuel D. Cary and Miss Margaret Cherry were united in marriage at noon on Sunday, the ceremony being performed at the residence of the groom's father, 224 Francis street. Rev. M. C. Cooper officiated, and the guests included only immediate relatives of the contracting couple. Mr. Cary is a molder at the Bass foundry, and the bride is the accomplished daughter of Mr. and Mrs. W. H. Cherry, of 152 Holman street. Both are well known and very estimable young people. They will begin housekeeping on Francis street.

ANNIVERSARY OBSERVED.

A very important event took place yesterday afternoon at the First Baptist church. It was the Christmas anniversary of S. F. Bowser's Sunday school class. Splendid music was rendered by a large orchestra and E. F. Yarnelle sang two solos with impressive effect. Mr. Bowser taught the Sunday school lesson and closed with a very earnest appeal to those present to turn over a new leaf and start the new year right. Short addresses were made by Rev. J. N. Field, pastor of the church; A. Z. Polhamus, superintendent of the Sunday school; E. F. Yarnelle and E. A. K. Hackett. After these exercises a collection was taken from which $27 was realized for the benefit of the poor. Mr. Bowser presented each person there with a Christmas souvenir in the shape of a neat button photograph of himself. The meeting was enjoyable and inspiring to all present and will be long remembered.

ANDREWS WILL PETITION.

Residents of Andrews will petition the Fort Wayne and Southwestern Railroad company to build a spur from its trolley line north of the river to that place. The greatest difficulty to be encountered is in bridging the Wabash, though if the right can be obtained to use the county bridge, which may be strengthened so as to carry the heavy trolley cars, it would probably pay to build the three-fourths of a mile track. The Signal says a great deal of business for the new line will originate at that place.

Solemn pontifical high mass will be celebrated at the Cathedral at 5 o'clock Christmas morning by Bishop Alerding, and Rev. F. J. O'Reilley will preach. Bishop Alerding will celebrate solemn high mass at 10 o'clock and will officiate at pontifical vespers at 3 o'clock in the afternoon. Special music will be rendered at each service.

Miss Celia Finney, of Melita street, celebrated her birthday anniversary Saturday evening in a manner most pleasant to herself and to all who were permitted to participate in the affair. Among the amusements was progressive pedro, the prizes going to Mrs. W. H. Ropa and Ed Claypool and Miss Clara Rauner and Frank Schilling in the order named.

A SUIT FOR BIG DAMAGES

DEMAND FOR $10,000 FOR THE DEATH OF J. B. SCHMITT.

Was Killed on the Pennsylvania Last November—Bar Takes Action on H. C. Hartman's Death.

Mayor Berghoff this morning filed his first case as a lawyer since he has been admitted to the bar and is in association with John Eggeman, also a new member of the Allen county bar. The case is that of Maria A. Schmitt, administratrix of the estate of Joseph B. Schmitt, in which she demands $10,000 damages from the Pennsylvania company for causing the death of her husband. The accident occurred on the 16th of last November and is probably well remembered by readers of The Sentinel. Schmitt was a section hand in the employ of the Pennsylvania company and had just drawn his money from the pay car when in alighting he stepped in front of a moving engine and was run over, dying an hour or two later. The complaint alleges that the pay car stood in a dangerous place as relating to other tracks over which the defendant continually moves engines and cars; that the approach was not guarded; that there was no warning of any kind given; that the company recognizes this fact and since the accident employes a man to walk ahead of moving engines and cars when the pay car is there to prevent accident, and that by the loss of her husband Mrs. Schmitt and her family, were damaged to the extent of $10,000.

THE BAR'S MEMORIAL.

The Allen County Bar association had been called to meet at 10 o'clock this morning, before it was known that the funeral of the late Homer C. Hartman would be held at 9:30. Members of the bar were hurriedly notified and shortly after 9 o'clock the meeting was held and appropriate resolutions were read by John Morris, jr., after which an immediate adjournment was taken in order to allow the members to attend the obsequies. Both the courts were adjourned this forenoon out of respect to the memory of the deceased. The following memorial, presented by the committee on resolutions, was unanimously adopted by the bar association:

On Friday evening, Dec. 20, 1901, Homer C. Hartman, a member of the bar of Allen county, after a long and painful illness died at his home on Maple avenue in this city.

Mr. Hartman was born about sixty-five years ago at Pleasantville, O. While he was yet a boy his parents moved with him to Fort Wayne, where he ever afterwards resided. Mr. Hartman received a fair education in the local schools of the city and, being of a studious nature, became a well educated man, especially in mechanics and that branch of the law to which he devoted himself in the later years of his life. He had a strong desire for the law, and after taking the preparatory course opened an office in this city and soon built up a lucrative business, which would ultimately have secured to him a firm footing in the practice. But, notwithstanding his legal attainments, Mr. Hartman's peculiar capacity and adaptability for the practice of patent law led him finally to devote himself almost exclusively to that branch of his profession. He was well versed in the principles of mechanics, an expert draftsman, a skillful mechanic, and peculiarly gifted in every way for the profession of a patent lawyer.

Mr. Hartman was a man of fine appearance; genial and courteous in manner; friendly in spirit; charitable in disposition, and well liked by all who knew him.

It is resolved, therefore, that in the death of Mr. Hartman the bar of this county has lost a worthy member, his family a loving husband and devoted father, and the community a good citizen.

It is further resolved that this memorial be presented to the circuit and superior courts of this county with a request that it be spread on their records, and that a copy be delivered to his family by the secretary of this meeting.

John Morris, Jr.,
Robert H. Duelbiss,
Owen N. Heaton,
S. L. Morris,
William P. Breen,
Committee.

There will be a special meeting of the Law Library association in the library room promptly at 9 o'clock tomorrow morning. Some business of importance will be presented by Hon. W. P. Breen, who called the meeting.

Mills Harrod sues Mary Harrod for divorce; the action is filed in the superior court.

The county commissioners will not be in session this week.

John Payson, foreman of the court house painting contractors, leaves for his home in Creston, Iowa, tonight. The court house contract has now been completed with the exception of hanging several more allegorical paintings, the last of which will not be completed for several weeks. When ready to be hung the work will be done by local workmen under the supervision of the artist who painted the several pictures.

The case of the Andrews Land and Improvement company vs. Connors, is on trial before Judge Aiken on change of venue from Huntington county. Several Huntington attorneys are in attendance on the trial.

ROUNDED UP VERY BAD GANG.

Detective George W. Harrod, of this city, has just returned from Ohio, where he succeeded in rounding up a gang of nine burglars who have been operating for seven years at Willshire and other Ohio towns. OVERCOME IN CHURCH.

Columbus, O., Dec. 23.—During services in the Second Baptist church five women were overcome by natural gas escaping from a heater. The gas escaped into the choir gallery. Mrs. Susan Jordan was the first to succumb and a moment later Mrs. Martha Jones became unconscious. Before assistance could be rendered Miss Tena Moss, Miss Bertha Davis and Miss Edna Payne were overcome. All were resuscitated and will recover. During the services the janitor, in attempting to regulate one of the natural gas heaters, accidentally turned the damper the wrong way and the surplus gas escaped. The congregation was dismissed during great excitement and a panic was narrowly averted.

GLASS COMBINE VERIFIED.

New York, Dec. 23.—Confirmation was given today on high authority of the report of a consolidation of the various combinations of window glass manufacturers. JAPAN'S MERCHANT MARINE.

Tacoma, Wash., Dec. 23.—Japanese advices state that the Nippon Yusen Kaisha, or Japan Mail Steamship company, has decided to build in Japanese shipyards sixteen steamers between now and 1907. These steamers will be used to augment its great fleet running to America, Australia, London and up and down the Asiatic coast. The decision was reached to build them early so that the company may be prepared to meet the growing competition offered by new steamers of other lines running to the Orient.

DATE FOR ELKS' MINSTRELS.

Unless later developments should necessitate a change the annual charity entertainment of the Fort Wayne Lodge of Elks will be given at Masonic Temple February 6 and 7. It will be in the form of a minstrel show, and all previous attempts along this line will be made to look like the smallest of small change. The committee in charge is made up of Albert C. Alter, chairman; F. J. Reincke, Louis Heilbroner, R. O. Rankin and D. F. Urbahns. Some gorgeous scenery will be used in the presentation of the program, but the stars will be selected entirely from the galaxy of professionals in the membership of Fort Wayne lodge No. 155.

SKIN WAS GRAFTED.

Miss Carrie Lund, cashier for the Rurode Dry Goods company and residing on West Creighton avenue, submitted to a skin-grafting operation yesterday. Miss Lund has been suffering for several weeks with a severe case of erysipelas, her right foot being extensively involved. The healthy skin was removed from the arms of Miss Lund's four sisters, who volunteered for the service.

THE MARKETS.

Chicago, Dec. 23.—Wheat started out indifferently today on unresponsive cables with a fair trade around Saturday's closing prices. Buying orders began to come in, however, and there was a gradual advance. Traders had expected to see a break on the rather poor cables, but advices from Liverpool stated that stocks were too small there to permit of declines. The failure to break resulted in a good deal of local buying and made an exceptionally firm tone for holiday week. May opened ⅛c lower to ⅛c higher at 80⅞c to 81⅛c and sold up to 81⅜@81⅛c. Local receipts were 93 cars, none of contract grade. Minneapolis and Duluth reported 791 cars, making a total for the three points of 816 cars, against 755 last week. Breadstuffs on passage had increased 256,000 bushels. World's shipments were 7,565,000 bushels against 7,098,000 bushels a year ago, and were about 500,000 bushels over the estimate.

Outside strength, foreign buying and scarcity of offerings in wheat continued to advance May until it sold at 82½, closing strong 1@1⅛c up at 82@82⅛c.

Early trade in corn was small and dull. May opened unchanged to ⅛c lower at 67c to 66⅞c on indifferent cables. There was practically no outside business and prices hung around where they opened. Receipts were 112 cars.

May closed steady a shade higher at 67@67⅛c.

Oats opened steady with May unchanged to a shade lower at 45¼@45⅜c to 45⅝c, following corn. Trade was light, but the wheat strength lent some influence and May sold up to 45⅝c. Receipts were 142 cars.

Provisions opened slightly firmer on a fair outside demand. Commission houses were buying lard moderately. Hogs were slow and prevented any marked early advance. May pork opened unchanged to 2½@5c higher at $16.82½, $16.85@16.87½; May lard 2½c to 2½@5c up at $8.80 to $8.90@9 82½, and May ribs 2½c higher at $8.62½.

THE DAY ON WALL STREET.

New York, Dec. 23.—Opening changes in prices of stocks were not large and were very evenly divided between gains and losses. Sugar fell away 1⅛ and the sale of 2,700 shares of Amalgamated Copper carried it down a small fraction. Pittsburg, C., C. & St. Louis rose 2.

The pressure against Sugar was extended to other specialties and Manhattan and Amalgamated Copper lost a point. Some of the prominent railroads sold a fraction under Saturday's close, including St. Paul, New York Central, Baltimore and Ohio, Pennsylvania, Atchison and the Pacific. New York Air Brake opened down 15 points on the judicial decision against a patent of the company and rallied 11. Westinghouse Electric rose 7 points and Northwestern preferred, Pittsburg, C., C. & St. Louis preferred, General Electric and New Jersey Central 2@3. Heavy buying of Reading lifted it to 51 and caused a rally elsewhere to above opening prices. A renewed drop in Sugar to 113¼ weakened the general market again.

The market was feverish, but the fluctuations were narrow aside from a few specialties, where bears attempted to force out long stock. Metropolitan Street Railway, Sugar preferred, Pressed Steel Car preferred and Lead stocks declined 1@2 points. The low-priced coalers were actively dealth in and the Readings displayed pronounced strength.

Bonds were irregular.

A SUIT FOR BIG DAMAGES

DEMAND FOR $10,000 FOR THE DEATH OF J. B. SCHMITT.

Was Killed on the Pennsylvania Last November—Bar Takes Action on H. C. Hartman's Death.

Mayor Berghoff this morning filed his first case as a lawyer since he has been admitted to the bar and is in association with John Eggeman, also a new member of the Allen county bar. The case is that of Maria A. Schmitt, administratrix of the estate of Joseph B. Schmitt, in which she demands $10,000 damages from the Pennsylvania company for causing the death of her husband. The accident occurred on the 18th of last November and is probably well remembered by readers of The Sentinel. Schmitt was a section hand in the employ of the Pennsylvania company and had just drawn his money from the pay car when in alighting he stepped in front of a moving engine and was run over, dying an hour or two later. The complaint alleges that the pay car stood in a dangerous place as relating to other tracks over which the defendant continually moves engines and cars; that the approach was not guarded; that there was no warning of any kind given; that the company recognizes this fact and since the accident employes a man to walk ahead of moving engines and cars when the pay car is there to prevent accident, and that by the loss of her husband Mrs. Schmitt and her family were damaged to the extent of $10,000.

THE BAR'S MEMORIAL.

The Allen County Bar association had been called to meet at 10 o'clock this morning, before it was known that the funeral of the late Homer C. Hartman would be held at 9:30. Members of the bar were hurriedly notified and shortly after 9 o'clock the meeting was held and appropriate resolutions were read by John Morris, jr., after which an immediate adjournment was taken in order to allow the members to attend the obsequies. Both the courts were adjourned this forenoon out of respect to the memory of the deceased. The following memorial, presented by the committee on resolutions, was unanimously adopted by the bar association:

On Friday evening, Dec. 20, 1901, Homer C. Hartman, a member of the bar of Allen county, after a long and painful illness died at his home on Maple avenue in this city.

Mr. Hartman was born about sixty-five years ago at Pleasantville, O. While he was yet a boy his parents moved with him to Fort Wayne, where he ever afterwards resided. Mr. Hartman received a fair education in the local schools of the city and, being of a studious nature, became a well educated man, especially in mechanics and that branch of the law to which he devoted himself in the later years of his life. He had a strong desire for the law, and after taking the preparatory course opened an office in this city and soon built up a lucrative business, which would ultimately have secured to him a firm footing in the practice. But, notwithstanding his legal attainments, Mr. Hartman's peculiar capacity and adaptability for the practice of patent law led him finally to devote himself almost exclusively to that branch of his profession. He was well versed in the principles of mechanics, an expert draftsman, a skillful mechanic, and peculiarly gifted in every way for the profession of a patent lawyer.

Mr. Hartman was a man of fine appearance; genial and courteous in manner; friendly in spirit; charitable in disposition, and well liked by all who knew him.

It is resolved, therefore, that in the death of Mr. Hartman the bar of this county has lost a worthy member, his family a loving husband and devoted father, and the community a good citizen.

It is further resolved that this memorial be presented to the circuit and superior courts of this county with a request that it be spread on their records, and that a copy be delivered to his family by the secretary of this meeting.

John Morris, Jr.,
Robert S. Dreibelbis,
Owen N. Heaton,
S. L. Morris,
William P. Breen,
Committee.

There will be a special meeting of the Law Library association in the library room promptly at 9 o'clock tomorrow morning. Some business of importance will be presented by Hon. W. P. Breen, who called the meeting.

Unless later developments should necessitate a change the annual charity entertainment of the Fort Wayne Lodge of Elks will be given at Masonic Temple February 6 and 7. It will be in the form of a minstrel show, and all previous attempts along this line will be made to look like the smallest of small change. The committee in charge is made up of Albert C. THE DAY ON WALL STREET.

New York, Dec. 23.—Opening changes in prices of stocks were not large and were very evenly divided between gains and losses. Sugar fell away 1¾ and the sale of 2,700 shares of Amalgamated Copper carried it down a small fraction. Pittsburg, C. C. & St. Louis rose 2.

The pressure against Sugar was extended to all or specialties and Manhattan and Amalgamated Copper lost a point. Some of the prominent railroads sold a fraction under Saturday's close, including St. Paul, New York Central, Baltimore and Ohio, Pennsylvania, Atchison and the Pacifics. New York Air Brake opened down 15 points on the judicial decision against a patent of the company and rallied 11. Westinghouse Electric rose 7 points and Northwestern preferred, Pittsburg, C. C. & St. Louis preferred, General Electric and New Jersey Central 2@3. Heavy buying of Reading lifted it to 51 and caused a rally elsewhere to above opening prices. A renewed drop in Sugar to 113¾, weakened the general market again.

The market was feverish, but the fluctuations were narrow aside from a few specialties, where bears attempted to force out long stock. Metropolitan Street Railway, Sugar preferred, Pressed Steel Car preferred and Lead stocks declined 1@2 points. The low-priced coalers were actively dealth in and the Readings displayed pronounced strength.

Bonds were irregular.

INDICTMENTS QUASHED.

Chicago, Dec. 23.—Judge Dunne today quashed the two indictments found several months ago against John A. Kinsey, former secretary of the endowment rank supreme lodge, Knights of Pythias, charging him with perjury. The charge was that of making false affidavits and resulted from the investigation of the management of the funds of the order. Judge Dunne hold that the affidavits could not constitute perjury.

RAILROADER DEAD

M. N. BOWEN SUDDENLY STRICKEN DOWN AT DAYTON.

WABASH AND B. & O. SETTLE

AND THE ST. JOE CROSSING GOES IN TOMORROW.

A CAR INSPECTOR IS KILLED

HENRY SCHRECH CAUGHT BETWEEN MOVING TRAINS.

Mrs. Ann Maguire was shocked last evening by the receipt of a telegram from Dayton, Ohio, conveying the intelligence of the death of her brother, M. N. Bowen, which occurred at his home in that city at 3 o'clock yesterday afternoon. Mrs. Maguire and her daughter, Miss Bessie, left today for Dayton to attend the funeral, which will probably be held on Thursday. The deceased and his family are known to many Fort Wayne people and the Misses Catherine and Nan Bowen are particularly well acquainted through numerous visits with Mrs. Maguire. They were here several weeks last summer. Mr. Bowen was formerly general manager of the Cincinnati, Hamilton and Dayton road, retiring last January. He was previously with the Pennsylvania in various capacities, his last sevice being superintendent of one of the divisions of the Panhandle lines. Death was sudden, he being sick only one day.

LONG SERVICE AT THROTTLE.

Saturday morning William H. Gates, of the Pennsylvania, entered upon his twenty-fourth year at the throttle. He was promoted to engineer December 21, 1878, and has been continuously in service since without a single accident that can be laid at his door. Mr. Gates was advanced from the freight to the passenger service during the world's fair and is now on one of the best and fast runs between this city and Chicago. He has the reputation of being one of the most careful and competent engineers in the service and has several fast runs to his credit.

CAR INSPECTOR KILLED.

Henry Schreech, a car inspector at Stony Island for the Nickel Plate, was caught beneath passenger train No. 5 at 7 o'clock yesterday morning and so badly injured that he died before he could be taken to a hospital. The deceased was a married man, his wife being the daughter of Local Conductor C. Charles, well known to all the Nickel Plate trainmen.

CARNEGIE AND THE WABASH.

Since the Wabash has undertaken to get into Pittsburg there has been much speculation as to who is behind the movement, and the impression now prevails that Andrew Carnegie, who has been buying large blocks of Wabash stocks and debentures and telling his friends that the Gould company had a good future before it, is the man, says the Indianapolis Journal. In this connection it is recalled that shortly before the disposal of his mills and railroad to the steel trust, Mr. Carnegie had a sharp fight with the Pennsylvania, because of the latter's rate on the transportation of steel, and he set about to get a road of his own to tidewater. That was the time he made the deal to give that company a quarter of the entire tonnage of the Carnegie company, but instead of one million tons of freight, as was supposed at that time, the contract called for more than four million tons a year. This would mean a net revenue to the Wabash of at least $1,000,000. Whether this new story of Carnegie lending a helping hand to Gould to gain an eastern outlet is true or not, the fact remains that the Wabash mystery must soon be solved.

NEW SWITCHMAN.

John Hinselman has taken the place vacated by George Trausau and Mr. Grimme has taken the place vacated by G. L. Louthan in the Nickel Plate yards. Louthan and Trausau are now en route to Los Vegas, where they are promised work. Mr. Hinselman has been braking on the road for four or five years and Mr. Grimme has been braking a few months. He was formerly employed on the Wabash.

PUMPING OUTFIT ALL RIGHT.

The new pumping machinery at the Nickel Plate yards is a decided success. It has been in operation about two months and has given the best of service at about one-half the cost of the old steam pumps. The new pump is driven by a gasoline engine with an estimated capacity of 12-horse power. In twelve hours it consumes about fifteen gallons of gasoline at an approximate cost of $1.60. Add to this the wages of one attendant and a few cents for lubricants and you have the cost of maintaining the plant. Two men were employed when steam was used at the pump station and the daily coal consumption was about 3,000 pounds. The new coal docks will also be a great labor saver, two men being able to supply engines with fuel more speedily than do the six men now employed on the docks. John Phandree has general supervision of the water stations of the western division of the road and he may have the same duty to perform at the new coal docks when the machinery is installed. Mr. Phandree inspected the pump machinery yesterday.

CALLED TO CHICAGO.

Boilermaker James Woodward went to Chicago last night to see his sister, Mrs. Nicholas Farrington, who was badly injured in an explosion accident in her home. Mrs. Farrington, sr., was killed in the same accident. The particulars of the accident were not given in the telegram calling Mr. Woodward to Chicago. The husband of the injured lady is a railroad conductor and was out of the city when the accident happened.

WM. WESEMANN GOES HOME.

William Wesemann, the Wabash flue welder who was struck by an engine and so badly injured a couple of weeks ago, left the St. Joseph hospital for his home on Winch street today. His complete recovery is now only a matter of a few days. Mr. Wesemann nor the railway officials were never able to ascertain which engine struck the man.

ARM BROKEN BY A FALL.

Henrietta, the six-year-old daughter of Brakeman and Mrs. F. H. Wolf, of Boone street, had an arm fractured Saturday evening by falling upon the icy walks. Dr. E. E. Morgan was called to reduce the fracture.

COACH ON LOCAL FREIGHT.

Agent Crapser, of the Lake Shore, announces that the company will put a coach on the local train which leaves this city at 6:40 tomorrow morning for the accommodation of all who wish to leave the city at that hour over the Lake Shore road.

BACK ON THE BUTLER END.

This morning the contractor engaged in building the New Haven-Butler line moved his work train, crew and track layers to the Butler end of the road, where work will be resumed tomorrow, the difficulty with the Baltimore and Ohio having been overcome. On account of nearly all the construction material being at Butler, work can be pushed more satisfactorily from that end of the line than from the New Haven end. It will be several weeks before the rails are down and the road ballasted. In the meantime the through trains will make the journey to Detroit either via the Cincinnati Northern or Toledo and the Michigan Central.

COAL WAS CONFISCATED.

The factory of Rhinesmith & Simonson is still idle because of the lack of fuel for steam purposes. Two car loads of coal left the mines on the 11th inst., and should have reached the city a week ago. Last Saturday, in response to inquiry concerning the fuel, came the answer that the "cars were wrecked in transit," which is taken to mean that the railway company needed the coal and confiscated it, a practice that is by no means uncommon when there is a scarcity of fuel. The firm is notified that coal will be on hand in a few days.

SCHWARTZ VERY LOW.

At 2 o'clock this afternoon the condition of George Schwartz was such as to cause the gravest apprehensions. News from the hospital at that hour was to the effect that the patient was unconscious and very low. Mr. Schwartz was struck by an engine in the east yards several days ago. He is the foreman of car inspectors out there.

MOLDER MARRIES TOMORROW.

At the home of Mr. and Mrs. O. E. Bradway, on Hanna and Lewis streets, tomorrow evening, will occur the marriage of John Bryant and Miss Kitselman. The prospective groom is a molder in the employ of the Pennsylvania company, and for some months has been working in the company's brass foundry at Allegheny. He formerly resided in this city. The bride and groom will reside in Allegheny.

Passenger Conductor M. O. Ginty, of the Pittsburg, is sick and his run is being looked after by Conductor A. J. Compton.

Brakeman Adolph Imbody, of the Nickel Plate, is off duty on account of sickness. Fireman John Anderson is also sick.

Cornell Morganthaler, of the electric works, and Will Rabus left this morning for Columbia City upon a hunting expedition.

Boilermaker Frank M. Cherry's condition is not very encouraging today. He can talk a little, but is not so strong as he was yesterday.

Lima Times-Democrat: "The first Findlay, Fort Wayne and Western engine to put in an appearance here for repairs was received today."

B. Fullerton, night engineer at the Nickel Plate yards, is off duty on account of the sickness of his wife. The lady's condition yesterday was serious.

John Dunn has returned from Memphis, Tenn., where he has been six weeks sitting up a Bass engine in the factory of the Wabash Screen Door works.

President McDole, of the Monon road, has granted the request of the company's employes for a revision of the working schedule and an increase in wages.

Robert Wishart and Charles McCoy, who were injured, and George Dreible, who was sick, resumed their respective duties in the Wabash shops this morning.

Brakeman F. C. Richard has taken the place in Nickel Plate Conductor Pierce's crew that was vacated by Brakeman Hinselman when the latter became a switchman.

Emmett Ambler and Albert F. Rachet, of the Fort Wayne Gas company's power plant at Summit, Ind., were in the city over Sunday, returning to their work this morning.

Boiler Foreman Frank Benoy, of the Bass works, will visit his mother at Mt. Vernon, Ohio, over Christmas. Mrs. Benoy and daughter, Miss Laura, will visit Mrs. Gair, of Chicago.

Bert Baughman and Wash Frase are suffering with bad colds and are off duty for repairs. Both are Nickel Plate engineers. Engineer J. E. Quinn, who had been sick, reported for work yesterday.

The Huntington Herald says that the Wabash company is considering a 50-cent round-trip fare between this city and Huntington, in competition with the Fort Wayne and Southwestern interurban road.

Oliver Phelps, chief inspector of meters for the Fort Wayne Electric company, returned to work after a week's absence on account of sickness. Charles Bott, who was sick last week, also reported for work.

Henry Burmoth, sod contractor of the Pennsylvania company; Paul Hayes, cashier of the First National bank, and Harry Breen, proprietor of a hotel, all of Crestline, and known to all Pennsylvania trainmen, were in the city yesterday combining business and pleasure.

Louis L. Bart is now a full fledged Nickel Plate train dispatcher, commencing work in that line this morning. Since retiring from the office of clerk to Trainmaster D. M. Caldwell, Mr. Bart has been visiting in Ohio and otherwise taking it easy to allow his health to recuperate.

Mr. and Mrs. Gus Bengs arrived in the city Saturday and will remain here over Christmas, the guests of the lady's parents, Mr. and Mrs. J. C. Heine. Mr. Bengs is the superintendent of the Thompson Boiler and Iron works, of Philadelphia, a very responsible position. Several years ago he resided in this city and was employed at the Bass works.

While there are a number of new names on the absentee lists at the Pittsburg shops today, enough of those who were sick last week reported to make the situation decidedly better than it was last week. Among the returned men are A. Mettler, Ben Bowers, J. J. O'Neil, Peter Junk, L. Linker, Louis Gronau, Fred Glussenkamp, Henry Rombke, M. K. Griffith and Henry Bickness. New names on the sick list are George J. Alter, D. A. Wolford, Henry Dickmeyer, J. Waldschmidt and A. F. H. Dornte. G. J. and J. J. Lepper, of the planing mills, went to Maples to attend the funeral of a relative

William H. Stellhorn resigned his position in the Wabash boiler shop this morning for the purpose of helping to move his father's effects from the farm to the city and later to join his father in some manufacturing business here. Mr. Stellhorn, sr., was formerly a county commissioner.

Wherever the Cincinnati, Hamilton and Dayton road comes in direct competition with electric roads the fare on the former line is reduced to correspond with that of the electric lines. This was the case between Dayton and Troy, where Passenger Traffic Manager D. G. Edwards reduced the fare on the steam road 30 per cent.

Last Friday J. H. Glover committed suicide in his office in Newark, O., by shooting himself in the head. No cause was assigned. Mr. Glover was formerly a division superintendent of the Baltimore and Ohio railroad and at the time of the tragedy was secretary of the Jewell Car works.

After general repairs at Stony Island Nickel Plate engine 8 has been turned over to Engineer Joseph Bracht and Fireman Arthur Williams for service on the Third district. Engine 166 also left the shops yesterday and went to the eastern division to go into the passenger service.

As an economical measure the Baltimore and Ohio company announces that it will hereafter dispense with the services of the "middle man" in handling its tourist business. To take the place of the "middle man" a book of coupons will be issued, which can be used for railroad fare, side trips, meals, transfer charges and hotel bills.

RAILROADER DEAD

M. N. BOWEN SUDDENLY STRICKEN DOWN AT DAYTON.

WABASH AND B. & O. SETTLE AND THE ST. JOE CROSSING GOES IN TOMORROW.

A CAR INSPECTOR IS KILLED

HENRY SCHRECH CAUGHT BETWEEN MOVING TRAINS.

Mrs. Ann Maguire was shocked last evening by the receipt of a telegram from Dayton, Ohio, conveying the intelligence of the death of her brother, M. N. Bowen, which occurred at his home in that city at 3 o'clock yesterday afternoon. Mrs. Maguire and her daughter, Miss Bessie, left today for Dayton to attend the funeral, which will probably be held on Thursday. The deceased and his family are known to many Fort Wayne people and the Misses Catherine and Nan Bowen are particularly well acquainted through numerous visits with Mrs. Maguire. They were here several weeks last summer. Mr. Bowen was formerly general manager of the Cincinnati, Hamilton and Dayton road, retiring last January. He was previously with the Pennsylvania in various capacities, his last sevice being superintendent of one of the divisions of the Panhandle lines. Death was sudden, he being sick only one day.

LONG SERVICE AT THROTTLE.

Saturday morning William H. Gates, of the Pennsylvania, entered upon his twenty-fourth year at the throttle. He was promoted to engineer December 21, 1878, and has been continuously in service since without a single accident that can be laid at his door. Mr. Gates was advanced from the freight to the passenger service during the world's fair and is now on one of the best and fast runs between this city and Chicago. He has the reputation of being one of the most careful and competent engineers in the service and has several fast runs to his credit.

CAR INSPECTOR KILLED.

Henry Schreech, a car inspector at Stony Island for the Nickel Plate, was caught beneath passenger train No. 5 at 7 o'clock yesterday morning and so badly injured that he died before he could be taken to a hospital. The deceased was a married man, his wife being the daughter of Local Conductor C. Charles, well known to all the Nickel Plate trainmen.

CARNEGIE AND THE WABASH.

Since the Wabash has undertaken to get into Pittsburg there has been much speculation as to who is behind the movement, and the impression now prevails that Andrew Carnegie, who has been buying large blocks of Wabash stocks and debentures and telling his friends that the Gould company had a good future before it, is the man, says the Indianapolis Journal. In this connection it is recalled that shortly before the disposal of his mills and railroad to the steel trust, Mr. Carnegie had a sharp fight with the Pennsylvania, because of the latter's rate on the transportation of steel, and he set about to get a road of his own to tidewater. That was the time he made the deal to give that company a quarter of the entire tonnage of the Carnegie company, but instead of one million tons of freight, as was supposed at that time, the contract called for more than four million tons a year. This would mean a net revenue to the Wabash of at least $1,000,000. Whether this new story of Carnegie lending a helping hand to Gould to gain an eastern outlet is true or not, the fact remains that the Wabash mystery must soon be solved.

NEW SWITCHMAN.

John Hinselman has taken the place vacated by George Trausau and Mr. Grimme has taken the place vacated by G. L. Louthan in the Nickel Plate yards. Louthan and Trausau are now en route to Los Vegas, where they are promised work. Mr. Hinselman has been braking on the road for four or five years and Mr. Grimme has been braking a few months. He was formerly employed on the Wabash.

PUMPING OUTFIT ALL RIGHT.

The new pumping machinery at the Nickel Plate yards is a decided success. It has been in operation about two months and has given the best of service at about one-half the cost of the old steam pumps. The new pump is driven by a gasoline engine with an estimated capacity of 12-horse power. In twelve hours it consumes about fifteen gallons of gasoline at an approximate cost of $1.60. Add to this the wages of one attendant and a few cents for lubricants and you have the cost of maintaining the plant. Two men were employed when steam was used at the pump station and the daily coal consumption was about 3,000 pounds. The new coal docks will also be a great labor saver, two men being able to supply engines with fuel more speedily than do the six men now employed on the docks. John Phandree has general supervision of the water stations of the western division of the road and he may have the same duty to perform at the new coal docks when the machinery is installed. Mr. Phandree inspected the pump machinery yesterday.

CALLED TO CHICAGO.

Boilermaker James Woodward went to Chicago last night to see his sister, Mrs. Nicholas Farrington, who was badly injured in an explosion accident in her home. Mrs. Farrington, sr., was killed in the same accident. The particulars of the accident were not given in the telegram calling Mr. Woodward to Chicago. The husband of the injured lady is a railroad conductor and was out of the city when the accident happened.

WM. WESEMANN GOES HOME.

William Wesemann, the Wabash flue welder who was struck by an engine and so badly injured a couple of weeks ago, left the St. Joseph hospital for his home on Winch street today. His complete recovery is now only a matter of a few days. Mr. Wesemann nor the railway officials were never able to ascertain which engine struck the man.

ARM BROKEN BY A FALL.

Henrietta, the six-year-old daughter of Brakeman and Mrs. F. H. Wolf, of Boone street, had an arm fractured Saturday evening by falling upon the icy walks. Dr. E. E. Morgan was called to reduce the fracture.

COACH ON LOCAL FREIGHT.

Agent Crapser, of the Lake Shore, announces that the company will put a coach on the local train which leaves this city at 6:40 tomorrow morning for the accommodation of all who wish to leave the city at that hour over the Lake Shore road.

BACK ON THE BUTLER END.

This morning the contractor engaged in building the New Haven-Butler line moved his work train, crew and track layers to the Butler end of the road, where work will be resumed tomorrow, the difficulty with the Baltimore and Ohio having been overcome. On account of nearly all the construction material being at Butler, work can be pushed more satisfactorily from that end of the line than from the New Haven end. It will be several weeks before the rails are down and the road ballasted. In the meantime the through trains will make the journey to Detroit either via the Cincinnati Northern or Toledo and the Michigan Central.

COAL WAS CONFISCATED.

The factory of Rhinesmith & Simonson is still idle because of the lack of fuel for steam purposes. Two car loads of coal left the mines on the 11th inst., and should have reached the city a week ago. Last Saturday, in response to inquiry concerning the fuel, came the answer that the "cars were wrecked in transit," which is taken to mean that the railway company needed the coal and confiscated it, a practice that is by no means uncommon when there is a scarcity of fuel. The firm is notified that coal will be on hand in a few days.

SCHWARTZ VERY LOW.

At 2 o'clock this afternoon the condition of George Schwartz was such as to cause the gravest apprehensions. News from the hospital at that hour was to the effect that the patient was unconscious and very low. Mr. Schwartz was struck by an engine in the east yards several days ago. He is the foreman of car inspectors out there.

MOLDER MARRIES TOMORROW.

At the home of Mr. and Mrs. O. E. Bradway, on Hanna and Lewis streets, tomorrow evening, will occur the marriage of John Bryant and Miss Kitselman. The prospective groom is a molder in the employ of the Pennsylvania company, and for some months has been working in the company's brass foundry at Allegheny. He formerly resided in this city. The bride and groom will reside in Allegheny.

INDUSTRIAL NOTES.

Brakeman J. A. Deahl, of the Nickel Plate, is off duty on account of an accident to his son.

Stuart Rehrer, of the electric works, will spend Christmas at Ligonier.

The Wabash pay car arrived in the city at 10:30 o'clock this morning.

Motive Power Superintendent J. B. Barnes, of the Wabash, is in the city.

Nickel Plate Brakeman C. M. Kindall has been taking a few days' rest.

Lampman McCoy, at the junction, has taken a Christmas vacation, which he will spend in Chicago.

Storekeeper Enoch Cox, of the Pennsylvania, who has been ailing a few days, is now confined to his bed.

Garnet Parry has been transferred from Foreman Knothe's to Foreman Kaiser's room at the electric works.

William E. Ninde, draughtsman at the Bass works, has gone to Rome, New York, for a visit with his parents.

Oscar and Nicholas Hoffman, of the electric works, are off duty on account of the death of their grandfather.

Master Mechanic G. P. Sweeley, of the Pennsylvania shops at Crestline, was in the city today on business for the company.

Machinist Jack Ryan, of the Wabash, will attend a reunion of the Ryan family at Port Huron, Mich., on Christmas.

Passenger Conductor M. O. Ginty, of the Pittsburg, is sick and his run is being looked after by Conductor A. J. Compton.

Brakeman Adolph Imbody, of the Nickel Plate, is off duty on account of sickness. Fireman John Anderson is also sick.

Cornell Morgnathaler, of the electric works, and Will Rabus left this morning for Columbia City upon a hunting expedition.

Boilermaker Frank M. Cherry's condition is not very encouraging today. He can talk a little, but is not so strong as he was yesterday.

Lima Times-Democrat: "The first Findlay, Fort Wayne and Western engine to put in an appearance here for repairs was received today."

B. Fullerton, night engineer at the Nickel Plate yards, is off duty on account of the sickness of his wife. The lady's condition yesterday was serious.

John Dunn has returned from Memphis, Tenn., where he has been six weeks sitting up a Bass engine in the factory of the Wabash Screen Door works.

President McDole, of the Monon road, has granted the request of the company's employes for a revision of the working schedule and an increase in wages.

Robert Wishart and Charles McCoy, who were injured, and George Dreible, who was sick, resumed their respective duties in the Wabash shops this morning.

Brakeman F. C. Richard has taken the place in Nickel Plate Conductor Pierce's crew that was vacated by Brakeman Hinselman when the latter became a switchman.

Emmett Ambler and Albert F. Rachet, of the Fort Wayne Gas company's power plant at Summit, Ind., were in the city over Sunday, returning to their work this morning.

Boiler Foreman Frank Benoy, of the Bass works, will visit his mother at Mt. Vernon, Ohio, over Christmas. Mrs. Benoy and daughter, Miss Laura, will visit Mrs. Cair, of Chicago.

Bert Baughman and Wash Frase are suffering with bad colds and are off duty for repairs. Both are Nickel Plate engineers. Engineer J. E. Quinn, who had been sick, reported for work yesterday.

The Huntington Herald says that the Wabash company is considering a 50-cent round-trip fare between this city and Huntington, in competition with the Fort Wayne and Southwestern interurban road.

Oliver Phelps, chief inspector of meters for the Fort Wayne Electric company, returned to work after a week's absence on account of sickness. Charles Bott, who was sick last week, also reported for work.

Henry Burmoth, sad contractor of the Pennsylvania company; Paul Hayes, cashier of the First National bank, and Harry Breen, proprietor of a hotel, all of Crestline, and known to all Pennsylvania trainmen, were in the city yesterday combining business and pleasure.

Louis L. Bart is now a full fledged Nickel Plate train dispatcher, commencing work in that line this morning. Since retiring from the office of clerk to Trainmaster D. M. Caldwell, Mr. Bart has been visiting in Ohio and otherwise taking it easy to allow his health to recuperate.

Mr. and Mrs. Gus Bengs arrived in the city Saturday and will remain here over Christmas, the guests of the lady's parents, Mr. and Mrs. J. C. Heine. Mr. Bengs is the superintendent of the Thompson Boiler and Iron works, of Philadelphia, a very responsible position. Several years ago he resided in this city and was employed at the Bass works.

While there are a number of new names on the absentee lists at the Pittsburg shops today, enough of those who were sick last week reported to make the situation decidedly better than it was last week. Among the returned men are A. Hetler, Ben Bowers, J. J. O'Neil, Peter Junk, L. Linker, Louis Gronau, Fred Glussenkamp, Henry Rombke, M. K. Griffith and Henry Bickness. New names on the sick list are George J. Alter, D. A. Wolford, Henry Dickmeyer, J. Waldschmidt and A. F. H. Dornte. G. J. and J. J. Lepper, of the planing mills, went to Maples to attend the funeral of a relative

William H. Stellhorn resigned his position in the Wabash boiler shop this morning for the purpose of helping to move his father's effects from the farm to the city and later to join his father in some manufacturing business here. Mr. Stellhorn, sr., was formerly a county commissioner.

Wherever the Cincinnati, Hamilton and Dayton road comes in direct competition with electric roads the fare on the former line is reduced to correspond with that of the electric lines. This was the case between Dayton and Troy, where Passenger Traffic Manager D. G. Edwards reduced the fare on the steam road 30 per cent.

Last Friday J. H. Glover committed suicide in his office in Newark, O., by shooting himself in the head. No cause was assigned. Mr. Glover was formerly a division superintendent of the Baltimore and Ohio railroad and at the time of the tragedy was secretary of the Jewell Car works.

After general repairs at Stony Island Nickel Plate engine 8 has been turned over to Engineer Joseph Bracht and Fireman Arthur Williams for service on the Third district. Engine 166 also left the shops yesterday and went to the eastern division to go into the passenger service.

As an economical measure the Baltimore and Ohio company announces that it will hereafter dispense with the services of the "middle man" in handling its tourist business. To take the place of the "middle man" a book of coupons will be issued, which can be used for railroad fare, side trips, meals, transfer charges and hotel bills.
